BOOSTED BUDGET ASSAILED

Two-Party Bill Again Bites Dust

Carpenter's Measure For Partisan Legislature Stalled In Committee

The often-killed bill calling for a constitutional amendment on a partisan Nebraska Legislature was downed again Wednesday by the Unicameral's Government Committee.

A vote of 4-3 indefinitely postponed the measure as introduced by Sen. Terry Carpenter of Scottsbluff. The senator said he may ask the solons to vote the bill to the floor, which would require 29 senators approving.

Similar proposals during the past several sessions have been killed, either in committee or on the floor of the Legislature.

Democrats and Republicans appeared at the hearing in favor of the bill. They included Willard Townsend, chairman of the state Democratic central committee, Frank Morrison, attorney, both of Lincoln, and Don Ross of Omaha, counsel for the state Republican party.

Carpenter said there is a need for "leadership in the legislature" which could be brought about by partisan politics.

The nonpartisan Unicameral is "certainly democratic," he said, but "democracy and leadership do not go hand in hand in the Legislature."

Townsend said more interest would be shown in state government if legislators were elected on party platforms.

Morrison, defeated by Republican Dwight Burney for Lt. Governor in the November general election, said "America has come to realize that the two party system is good."

Need Uniformity

"We need uniformity," he said. "When the Legislature was taken out of partisan politics, it cut the heart right out of the idea of political responsibility in government," he added.

Ross told the committee Nebraska adopted the nonpartisan system 23 years ago and "still s the only state to have the nonpartisan system in its Legislature."

"Both parties have urged a return to bipartisanship in the legislature in recent years," Ross added.

Don Kline, Lincoln, executive secretary of the State Education Association, said "the people need a vehicle by which they can make their sentiments known and the parties would provide that vehicle."

Kline said Nebraskans now "have a tendency to go at government in a piece-meal manner."

Only Opposition

The only opposition to the bill at the hearing came from Sen. Harold Stryker of Rising City. He said candidates from urban areas such as Omaha and Lincoln "might need party backing but those from rural areas are well enough known by voters."

Voters should elect candidates on what they stand for and not for their party's platform, Stryker said.

–Mideast Policy–

Rayburn Refutes Aid View

Challenges Dulles On Money Part Of Ike Plan

By FRANK CORMIER

WASHINGTON (AP)—House Speaker Sam Rayburn said Wednesday he doesn't think it's important for Congress to include a big economic aid program in the Middle East policy resolution asked by President Eisenhower.

This could be handled later as part of the regular foreign aid bill, he argued.

The Texas Democrat thus challenged Secretary of State Dulles' position that the resolution's purpose of heading off any Communist aggressors would "largely fail" if economic aid weren't included.

At the same time, Rayburn echoed strong sentiment in Congress for giving President Eisenhower the advance approval he asks to use U. S. military forces against any Red aggression in the Middle East.

'Teeth In It'

Speaking at a news conference, Rayburn said the House "of course" will pass a Middle East resolution with teeth in it.

This was a rejection of suggestions by some lawmakers that military aspects of the resolution be merely an expression of congressional sentiment rather than a statement having the force of law.

Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, told Congress in testimony released Wednesday that a firm statement of military intentions would "practically eliminate the chances of war" in the Middle East.

Rayburn said he thinks the aid provisions of the proposed resolution can be dropped at this time because "we are going to be considering it soon, anyway." A regular foreign aid authorization bill will be one of the measures coming up for House consideration at this session.

Same Point

A number of ranking lawmakers have raised the same point, including Senate Republican leader Knowland of California.

Dulles has argued for quick congressional action on the aid provisos, contending the administration needs more flexibility of action than present law allows.

Eisenhower has asked authority to use up to 200 million dollars of existing foreign aid funds for the Middle East, without observing restrictions now in the law. These funds would be allocated in the fiscal year which ends June 30.

It'll Warm Up Today —Finally!

The long-awaited break forecast for Thursday in Nebraska's cold wave showed real signs early Thursday of coming true.

Highs Thursday were to be in the 30s, the Weather Bureau said.

Temperatures all across the state remained in the teens during the early morning hours—contrasted to recent below zero readings at that time of day.

Early Thursday temperatures included: Lincoln 14, Valentine 18, Sidney 16, and a surprising 21 at Scottsbluff—exactly 40 degrees warmer than at the same time the day before.

But the icy air made its last day its worst in many parts of the state.

High winds drifted a two-inch snowstorm early Thursday in to road-blocking drifts on Highway 19 south between Chadron and Crawford west to Harrison.

Norfolk had light snow early in the evening.

Wednesday's low at Scottsbluff was minus 19.

It was the coldest reading in Scottsbluff since Feb. 1, 1951, and the coldest Jan. 16 on record there.

The 10 Weather Bureau reporting stations in the state all had lows below zero but all the highs were above zero. The mercury rose only to 13 degrees at the Lincoln Airport. Imperial, with 14, had the highest reading.

The range at Lincoln was from 3 below to 14 above.

Alliance reported the 48-mile-an-hour gusts. Winds gusted to 46 at Imperial, Chadron and Ainsworth, to 44 at McCook, 40 at North Platte, 38 at Sidney and Norfolk, 31 at Grand Island and 30 at Scottsbluff.

Tiny Greek Baby Finds Home Here

By DEL HARDING
Star Staff Writer

One of the youngest and last persons to be admitted to the United States under the Refugee Relief Act arrived in Lincoln Wednesday night to make his new home with Mr. and Mrs. John Chrismer of 1825 No. 67th.

Chrismer had flown to New York City to meet the five-month-old Greek boy that he and his wife will adopt. The child, named Allan Jay by his new parents, was one of a plane load of 44 Greek orphans flown to this country for adoption under the Refugee Relief Act, which was due to expire Dec. 31 before President Eisenhower granted an extension.

Chrismer, who is state director of distributive education for the State Education Department, and his wife adopted two other children in Oregon before they moved here one year ago.

Little Hope

Mrs. Chrismer said they wanted to adopt one more child, but that local adoption agencies offered little hope since they already adopted two children. She said the Lincoln Family Service Association asked if they would be interested in adopting a foreign child, and that she and her husband said they would.

So seven months ago the Chrismers applied to adopt a Greek child, and a few months later they received a snapshot of the baby who was soon to be theirs.

The Chrismers' two other children—Roberta, 4, and Paul, 2—waited eagerly for their new playmate. But late arrival of Allan to New York City and a missed plane by he and his new father made them even more anxious. Finally Wednesday night the wait came to an end and they greeted Allan with smiles and offers of their toys.

Governor's Budget Message Thursday

Gov. Victor Anderson's budget message is slated for delivery to the Legislature Thursday morning at 11 o'clock.

The message is expected to reflect his "hold the line" policy often voiced in the past. Recommendations included in the governor's budget generally are considered in a favorable light by the powerful Budget Committee.

Several state agencies, including the University of Nebraska, have requested major increases for expanding operations and increased costs.

STATE CASE COURT MOVES

A new location for trying state cases in Lincoln's Muny Court has been set up to eliminate overcrowding. See story on page 15.

3 Dead, 12 Injured In Kansas Blast

. . . 2 Dead In Other Explosions

LIBERAL, Kan. (AP)—An explosion wrecked a Panhandle Eastern Pipeline Co. compressor station near here Wednesday, killing three men and hindering movement of gas to the Great Lakes area.

Police said 12 men were injured.

Panhandle ordered industrial customers in six states to stop using gas. It also stopped deliveries to three distributors that have other sources of supply. The three were not named. The company serves distributors in Kansas, Missouri, Illinois, Indiana, Ohio and Michigan.

All six states are in the grip of a cold wave. A company spokesman said some residential gas users would be affected, but it was not determined how many.

The compressor station is located 14 miles northeast of this town in extreme southwestern Kansas. It is a main gas-gathering facility. Gas drawn from fields in Kansas, Oklahoma and Texas is compressed there for transmission east through 24-inch and 26-inch trunk lines.

Ignited

Gas leaking from a broken pipe in the engine room was ignited, according to F. J. McElhatton of Kansas City, general manager of gathering and transmission.

A roaring fire followed the explosion. Three hours after the blast the company said the wrecked station had been by-passed and gas was flowing into the main lines. It was moving slowly, however, because the station could not supply pressure to boost it along.

The company spokesman said a subsidiary, Trunkline Gas Co., could supply about one-third of Panhandle's total demand at a connection as Tuscola, Ill.

Peoria Blast

PEORIA, Ill. (AP)—Two persons were killed and two others were missing Wednesday night after an explosion in a city natural gas main flattened a house and an adjoining store - apartment. Five others were injured by the blast and resulting fire.

Dead were Perry Traub, proprietor of a grocery in the two-story store-apartment building, and John J. Heitzman, 61, owner of both the house and store building.

Indiana Blast

INDIANAPOLIS (AP)—An explosion rocked the Sinclair Refining Co. loading station at Clermont late Wednesday, injuring two persons.

First reports that three persons had been killed proved erroneous.

State plice said the blast came after an employe on a loading dock had overfilled the middle compartment of a huge tanker trailer.

The spilled fluid caught fire and the two men were injured when they were knocked down by the resulting blast as they ran from the site.

Inflationary Tag Is Pinned On By Critics

. . . Biggest Outlay In Peacetime Proposed

WASHINGTON (AP) — President Eisenhower submitted Wednesday to a Congress ringing with calls for economy a budget that will push government spending to an all-time peacetime peak of $71,807,000,000.

He asserted the outlays are designed, in large part, to "deter, and if need be, to defeat aggression."

Humphrey

But Secretary of the Treasury Humphrey said:

"If we don't begin taking less out of this economy, I predict we will have a depression that will make your hair curl."

He also told questioning reporters that if a depression should come and the administration resorted to red-ink financing to combat it, he would probably resign.

Though Eisenhower predicted that income would be even higher than outgo, key Senate and House members voiced economy sentiments similar to Humphrey's. Two Democrats with a hand on the federal purse string tagged the budget as inflationary.

Up Nearly 3 Billion

The spending outlay, for the 1958 fiscal year that starts next July 1, is nearly 3 billion dollars over this year's total. Eisenhower forecast in his lengthy budget message that revenue will mount to $73,620,000,000 leaving a surplus of $1,813,000,000. This would spell the third balanced budget in a row.

The President rejected any general tax cut at this time. Surplus cash, he said, will be applied to the vast national debt.

Protection Bill Huge

Nearly two-thirds of the budget and seven-tenths of the increase are earmarked for providing "a wise and reasonable degree of protection for the nation." The total cost of this protection in the year ahead was put at $45,300,000,000. This covers military and economic aid for friendly nations and puts heavy emphasis on guided missiles and nuclear weapons for this country's armed forces.

So the billions in the budget are dedicated primarily to one overriding goal: To discourage or, if necessary, to fight Communist aggression.

Speaker Rayburn remarked that: "In times like this we don't usually cut budgets much."

Wrapped up in the budget package was the Eisenhower administration's administrative program for the year ahead, in minute, enormous detail. Much of it had been recommended before, in other years or in Eisenhower's State of the Union address to Congress last Thursday.

Postal Rate Boost

It embraces such items as:

A continuation of some $2,300,000,000 in expiring corporate and excise taxes; a $654,000,000 boost in postal rates and a 5-cent stamp for letters; higher interest rates on some of the loans the government makes or guarantees, including veterans' housing loans; a natural gas bill much like one the President vetoed last year; a school construction program; a limited housing program; more highway construction financed outside the budget.

The Senate wasn't meeting Wednesday, so the budget message was read—after a fashion—only in the House. Reading Clerk George Maurer whipped through Eisenhower's condensed version in 16 minutes flat. He skipped whole paragraphs and sections and then omitted entirely the President's more detailed analysis.

House members, about a hundred of them, listened in utter silence.

Chairman Cannon (D-Mo) of the Appropriations Committee hopped to his feet, walked down into the well of the chamber and lit into the budget as inflationary.

That touched off a fast round of sizzling debate.

Cannon said the cost of living has been going up and the buying power of the dollar down, all because of spending "by the Congress under the recommendations and urgent insistence of the administration in the past two or three years."

Where It Comes From And Where It's Going

From Press Dispatches

WASHINGTON—Here is where each budget dollar is coming from and where it will go:

RECEIPTS—Individual income taxes, 51 cents; corporation income taxes, 29 cents; excise (sales) tax, 12 cents; others (customs, estate taxes, etc.) eight cents.

EXPENDITURES—Protection (military, atomic energy, stockpiling and arms aid), 63 cents; civil benefits (agriculture, resources, welfare), 24 cents; interest on public debt, 10 cents; government operations and administration (Congress, White House, courts, etc.), three cents.

The Budget In Brief
For Fiscal Year Ending June 30

	1957	1958	
INCOME	$70,628,000,000	$73,620,000,000	Up $2,992,000,000
OUTGO	68,900,000,000	71,807,000,000	Up 2,907,000,000
SURPLUS	1,728,000,000	1,813,000,000	Up 85,000,000
PUBLIC DEBT	270,600,000,000	269,200,000,000	Down 1,400,000,000

Demos Hit Hard At New Budget

WASHINGTON (AP) — Republicans expressed great pleasure Wednesday at President Eisenhower's plans to keep government spending within income for the third straight year.

Democrats criticized the new budget, for the fiscal year beginning July 1, on a variety of grounds. These included the fact that it calls for the heaviest spending ever in a peacetime year, and allows for no tax cuts.

Some Republicans also had a "too high" complaint against the $71,800,000,000 spending figure.

However, House Speaker Rayburn (D-Tex) commented: "In times like these we don't usually cut budgets much."

Martin Likes It

Rep. Martin (R-Mass), the minority leader in the House, called the budget "another sound achievement," adding:

"With the government to operate in the black for the third year in a row, the groundwork can be laid for further general tax cuts as soon as our defense needs will permit."

Sen. Ives (R-NY) also stressed the plans for a third straight year of balanced budgets, asking:

"What could speak better for the soundness of the Eisenhower administration's policies?"

Sen. Lyndon Johnson (D-Tex), the Senate majority leader, said:

"A budget of such huge proportions means a tremendous amount of work for Congress. It will take considerable time to go through all the items and determine whether the type of spending requested is necessary, wise and adapted to our needs."

Reed Is Critical

Rep. Reed (NY), senior Republican on the tax-writing Ways and Means Committee in the House, struck a dissident note among the GOP congressmen. He called Eisenhower's budget "needlessly high."

Reed also said it was too much to ask of the American taxpayer to put $4,363,000,000 into foreign aid.

Sen. Bridges (R-NH) also suggested a close look at the foreign aid item, while saying he was "most pleased that for the third year in a row the President has submitted to the Congress a balanced budget."

Sen. Byrd (D-Va), chairman of the Senate Finance Committee, said that if Eisenhower's budget is balanced, "it will be accomplished with increased inflation."

Byrd said that the administration's plans were based—shakily, he said—on a proposed increase in postal rates and continuing increases in revenue from income taxes on individuals and corporations.

Speedy Reading May Set Record At Bellevue

By HARRIET ASHLEY
Star Staff Writer

BELLEVUE, Neb. — A possible world's record in reading speed has been set by three Bellevue, Neb., High School students.

According to testing by the University of Omaha, Dick Wilson and Norma Jean McConnell can read 7,500 words per minute and Ralph Plummer reads 6,000 w.p.m. Dick and Ralph are sophomores and Norma Jean is a freshman. The average comprehension rate was 75 per cent to 90 per cent.

Dr. Harry Johnson of the University of Omaha Reading department said the average adult reads less than 300 words a minute.

He pointed out a recent article in the Wall Street Journal that reported a certain Harvard Law School graduate could read 3,750 w.p.m., which it considered phenomenal.

Developing Abilities

"Essentially much of the challenge of teaching lies in developing students in their abilities," Bellevue High School officials said, but it was noted that none of the exceptional readers had genius I.Q.'s although they could be considered above average.

Miss Lois Olive, co-ordinator of reading at the University of Nebraska and a member of the International Reading Association, said, "Some people would say this was not actually reading, but skimming."

However, she said the University of Nebraska uses the same general reading program as the University of Omaha and feels the students must be exceptional readers. She particularly noted the high comprehension rate.

Highest 1,500

The highest number of words per minute on record at the University of Nebraska was 1,500 achieved by a graduate student who had about 80 per cent comprehension.

However, the Science and Research machine for testing reading that is used by the University of Nebraska does not record above 1,500 w.p.m., Miss Olive said.

She said that heretofore it has been considered impossible to read more than 5,000 w.p.m. The University stresses reading skills and not speed when a student has a high speed rate already, she said.

Two Grades Included

Bellevue High School has conducted the concentrated reading program for the 9th and 10th grades since September. In a typical classroom where final tabulation has been made in regard to progress, it was found that the average student's reading rate progressed from 225 w.p.m. to 445 w.p.m. and the average comprehension rate increased to 82 per cent.

This does not include the three students with exceptionally high rates. At an informal test, which is given at the end of every reading period, Dick Wilson read 1,350 words in six seconds.

When Dick and Ralph began the course they were reading about 600 words per minute and Norma Jean was reading less than 400 w.p.m.

"Our program is not one of concentration," school officials said. "We have no more time to devote to the teaching of reading than the average teacher."

It could be done at any school in the state or nation," they said.

"It saves time and work to be able to read so fast and also improves vocabulary," Norma Jean said. "I can go back and read the important things again."

Ralph noted that he could get his lessons done in about half the time and then go back and pick up major points again.

'Time To Re-read'

"Fast reading enables me to go back and re-read for even more comprehension," Dick said, "and still takes less time."

"The success is due to a determined effort on the part of the students," school officials said.

Miss Edith Pembrooke, reading counselor for the Lincoln Public Schools, said the average rate for Lincoln high school students is 295 w.p.m. and for college students 325 w.p.m.

Parents of the three exceptional readers are Mr. and Mrs. Ben J. Wilson, Mr. and Mrs. Robert Plummer and Chaplain Maj. and Mrs. J. Norman McConnell, all of Bellevue.

Students Prove Johnny Can Read

Bellevue High School students (left to right) Dick Wilson, Norma Jean McConnell and Ralph Plummer can read from 6,000 to 7,500 words per minute. They are looking over progress reports which show their reading improvement from about 600 words to the present rate. The University of Omaha Reading department tested the students' rate. Record Farm Budget Offered

Payments Would Total 1.6 Billion

Most To Producers Who Retire Land

WASHINGTON (AP) — Farmers would get direct federal payments totaling about $1,600,000,000 under a record farm budget proposed Wednesday by President Eisenhower.

The bulk of these payments, which greatly exceed those of any recent year, would go to producers who retired land from production of surplus crops under the soil bank program.

Eisenhower proposed in his budget report to Congress that $5,329,880,000 be made available for federal agricultural activities during the fiscal year beginning next July 1. By comparison, $5,151,665,000 will be spent on these activities this year.

These figures include sums allocated for direct payments to farmers.

Loans and Purchases

In addition, about $2,566,000,000 would be used in the next fiscal year to help support farm product prices through loans and purchases of surpluses. A like amount is being spent this year.

The entire budget is, of course, subject to revision by Congress.

Eisenhower said the record federal spending will have two principal goals—to help farmers reduce surplus production and to help them find bigger markets for their products.

To carry out the first objective, Eisenhower proposed to spend $1,253,400,000 on the soil bank program. Farm officials hope that these payments will lead to the temporary retirement of upwards of 40 million acres, or about 12 per cent of the nation's cropland.

Other payments would include 246 million dollars for carrying out approved oil and water conservation practices, 73 million to producers of sugar cane and sugar beets who comply with a production control program, and 35 million to wool producers as production incentive payments.

'Serious Adjustments'

"Agriculture is confronted," Eisenhower said, "with serious adjustments that stem from international as well as domestic agricultural developments.

"Technological advances in agriculture by other nations are resulting in increased production which in many instances has restricted United States export markets. These problems are further complicated by our own improved capacity to produce as well as by the large agricultural inventories held by the Commodity Credit Corporation."

In giving also a brief outline of agricultural legislation to be recommended to Congress, Eisenhower said certain changes are needed in the corn program, which Secretary of Agriculture Benson has described as ineffective.

Corn Bill Offered

A corn bill largely drawn to administration specifications was introduced Wednesday in the House by Rep. August H. Andresen (R-Minn).

This proposal would provide for a minimum planting allotment of 51 million acres in designated commercial corn producing areas for 1957 and thereafter. Present law fixes a 1957 allotment of 37,288,000 acres.

It also would specify, as does present law, that the price support rate for corn would not be less than 75 per cent of parity, a farm price standard said to give farmers a fair return in relation to their costs.

Spurned Husband Kills Man, Self, Wounds His Wife

SAN FRANCISCO (INS) — Dr. Robert G. Demailly, 39, member of a noted pioneer San Francisco family, was shot to death Wednesday in his office by the estranged husband of his office nurse.

The slayer, Mike Kepp, 65, a salesman, also wounded his wife, Ruth, 53, in the arm and then killed himself.

Demailly was a great-great grandson of Adolph Sutro, an early day mining millionaire who served as mayor of San Francisco and for whom some of the city's landmarks were named.

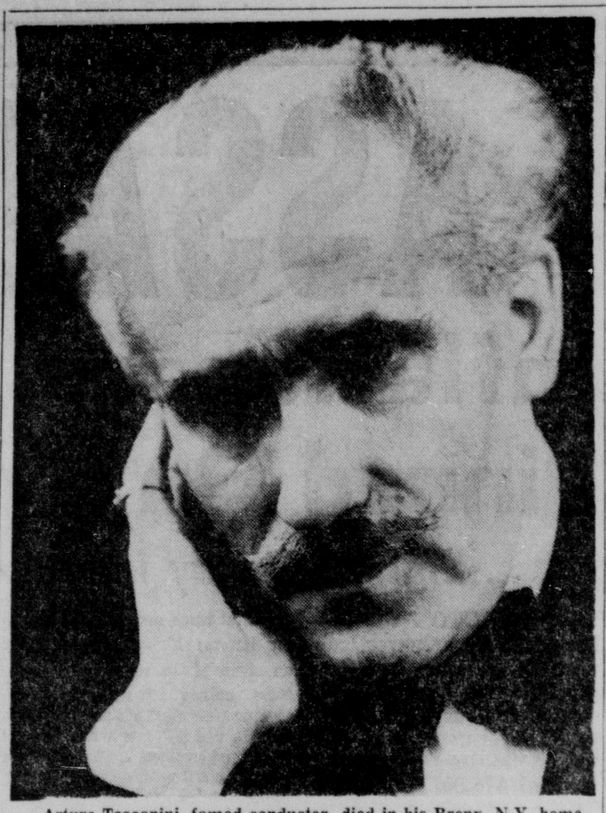

The slain man's widow, the former Diana Beersman, is a member of a socially prominent New York family. She is the mother of a 2½-year-old daughter and is expecting another child.

The slayer, who had attempted suicide last Nov. 24, left a note saying that as a result of separation from his wife he had "nothing more to live for."

Jewelry Worth $430 Taken From Apartment

Mrs. Grace Oncken, 1425 L, reported Wednesday that jewelry and valuables worth $430 were stolen from her apartment.

Included in the loss were a $50 necklace, two earrings, valued at $50 and $75, a $30 diamond, a $75 dinner ring and a $100 snap-on gold braclet.

Arturo Toscanini, famed conductor, died in his Bronx, N.Y. home. (AP Wirephoto)

Toscanini, Music Magician, Dead

. . . Peaceful End Comes At Age Of 89

By GEORGE W. CORNELL

NEW YORK (AP)—The great conductor, Arturo Toscanini, died Wednesday.

Death came to him peacefully in his sleep at the age of 89.

In the world of fine music, Toscanini was the king of the Twentieth-Century.

For nearly 70 years, his baton has been shaping the scores of operas and symphonies into gripping magic.

Millions, in this country and abroad, have sat breathless as he led orchestras to the heights of musical expression.

The dedicated and fiery maestro died at 8:40 a.m., at his home in the Bronx's Riverdale section, overlooking the Hudson River.

Felt No Pain

His son, Walter, said he had suffered a stroke New Years's Day and had not fully recovered. He felt no pain, his son said, and was not aware that the end was near.

It was the "finis" of a career, on the air, recordings, and in concert halls, that had marked Toscanini as the pre-eminent wizard of his art in modern times.

In private, a modest and gentle man, the little, white-haired Toscanini was an exacting and temperamental tyrant on the podium.

But his musicians loved him. And he shepherded them to grand performances that whispered with the voice of angels or crackled with the thunder of volcanoes.

After a lifetime of conducting here, in his native Italy and other European countries and on road tours of America, he gave his last concert April 4, 1954.

This was at Carnegie Hall with the National Broadcasting Co. Symphony Orchestra, which had been formed especially for him and which he led since Christmas night, 1937.

Poignant Drama

None knew then that it was his farewell performance, but it had closed with poignant drama.

The last concert was an all-Wagner program and ended with the Act 1 prelude to "Die Meistersinger." As the last note faded, Toscanini dropped his baton to the floor. An orchestra member picked it up and handed it to him.

With head bowed, Toscanini walked away.

The audience — unaware that it was his farewell — stood, clapped and cheered. But Toscanini did not reappear. NBC said later that he did not return because he was too moved.

At Toscanini's side at his death were his son, his daughter, the Countess Wally Castelbarco, and Anita Colombo, former director of singers at Milan's famed La Scala Opera, where he had conducted many times.

Another daughter, Wanda, the wife of noted pianist Vladimir Horowitz, and three grandchildren also survive him.

There will be a solemn requiem Mass in St. Patrick's Cathedral at 10 a.m. Saturday. His body will later be flown to Italy for burial in the family chapel in Milan.

Inter-Continent Missile Now In Production

HAWTHORNE, Calif. (INS)—Northrop Aircraft reported Wednesday that it is now in production of America's first intercontinental guided missile for operational use by the Air Force.

The Hawthorne, Calif., firm said that the guided missile, known as the Snark, has a range of some 5,000 miles and can deliver nuclear charges—presumably even hydrogen blasts—to any spot on the globe from Uncle Sam's far-flung string of air bases.

The armed forces have one other missile which can do a similar job—the Atlas intercontinental ballistics missile manufactured by Convair in San Diego, Calif.

Nation's First

Northrop said in a statement to news media:

"The Snark is the nation's first true intercontinental missile. It is equipped with an airborne guidance system capable of directing it to its target through night or bad weather . . .

"The Snark has the longest range and is the most accurate intercontinental missile in the free world today. It can fly above the weather at near-sonic speed and its guidance system, perfected by years of pioneering research, can deliver the missile's lethal load to the target spot with military accuracy."

Northrop also said that the aircraft firm has developed a mobile launcher for the sleek weapon and the launcher will be shown publicly for the first time when the Snark is displayed in the President's inaugural parade in Washington, D.C., Jan. 21.

Official Residence For Vice President Could Be Donated

WASHINGTON (AP) — Anybody who wants to donate a suitable house for the vice president can get co-operation from Budget Director Percival Brundage.

President Eisenhower's budget message asked Congress to consider the "acquisition and maintenance of an official residence for the vice president."

Questioned by reporters, Brundage said the President had not made any specific request for funds.

Then he grinned and added: "There's always the possibility of a gift, you know."

2 Morning Fires Damage Minor

Fires at an oil storage shed and at the Nebraska Theater Wednesday morning resulted in only minor damage.

A defective flue was reported by firemen as the cause of the shed fire, and slight damage to the roof resulted. The shed is located at about 4th and Q and owned by the Burlington Railroad. Firemen said there was little oil in the shed.

A cardboar box of trash left on an electric hot plate at the Nebraska Theater, 12th and P, caught fire and slight damage to the candy counter was reported.

Gerhardt Rites Held

PLYMOUTH, Neb. — Funeral services for Mrs. Emma Gerhardt, who died at a Lincoln hospital, were held at St. Paul Lutheran Church at Plymouth.

Red Jets Still Going To Syria

WASHINGTON (INS)—The State Department reported Wednesday that Russia is continuing to pour modern weapons, including Soviet jet fighter planes, into the Middle East trouble spot of Syria.

Department spokesman Lincoln White said "the State Department has received reports that additional aircraft of Soviet origin have arrived in Syria."

White said the reports are as yet "unconfirmed," but highly reliable reports reaching Washington officials said that from eight to 12 swept-wing MIG-17 jet planes arrived in Syria during the last two weeks.

Jet Crates

Authoritative sources said crates containing jets were landed by Soviet bloc ships at the Syrian port of Latakia.

A few Russian technicians, aided by Czech civilian experts are assembling the MIG-17's now, sources added.

White said the flow of small arms from the Soviet Union through Czechoslovakia is continuing to Syria, the Middle East country which U.S. experts regard as the most likely nation to be turned into a Russian satellite in the area.

Secretary of State John Foster Dulles, testifying before congressional committees, has emphasized that the Eisenhower doctrine will not be able to prevent Moscow from building up the forces of Syria and Egypt.

Scientist Claims A-Test Fall-Out To Handicap 6,000

WASHINGTON (INS) — A scientist said Wednesday that 6,000 babies of the present generation will be born with handicaps because of radioactive fall-out spread throughout the world by nuclear weapons tests.

Dr. Warren Weaver, chairman of the committee on genetic effects of atomic radiation for the national academy of sciences, made the flat statement in testimony before the Senate Disarmament subcommittee.

The academy serves in an advisory capacity to the Atomic Energy Commission.

Weaver said it is "unfair to give people the idea there is no danger" from nuclear bomb testing even though he personally believes at this point testing should continue because of the risk to American security if nuclear weapon development should be frozen.

However, Weaver said he believes the testing will be increased and "if it were multiplied by five, I would be gravely concerned."

He told the subcommittee headed by Sen. Hubert H. Humphrey (D-Minn), that "for the planet as a whole, 6,000 babies to be born of persons now alive" will be handicapped because of the genetic effects of radioactive fall-outs from the nuclear tests.

Nebraskans Near End Of Training At American U.

WASHINGTON (AP) — Five Nebraska collegians are winding up a "Washington semester" at American University here.

Every year students from many American colleges and universities come here for one semester at American University to study government. In addition to seminar and studies, each student has a special project. He does research on some branch of government for his semester thesis.

The Nebraskans, who attended this week's Nebraska congressional breakfast, are Elizabeth Paine, Grand Island; Don Rezek, Wahoo; Bruce Merchant, Elgin; and Gary Hayden, Lincoln, all Nebraska Wesleyan students, and Jim Palett, Crete, of Doane College.

Mrs. Fred Schultz Cuts Lip As Car Hits Tree

Mrs. Fred Schultz, 55, of 5211 Pioneer, suffered a cut lower lip and a bruised upper lip when the car in which she was riding east on Pioneer struck a patch of ice, veered sharply and smashed into a tree.

She was taken to the Bailey Sanatorium where officials said her condition was good.

Substation Hit

LONDONDERRY, Northern Ireland (AP)—An electric power substation was blown up near here. Police attributed the explosion to the outlawed Irish Republican Army.

The station controlled electricity in a large rural area near Londonderry. No one was injured. There was no estimate of the damage.

Ether Fume Blast Burns 2 Nurses

LEXINGTON, Ky. (AP) — Ether fumes that had clung to two student nurses' uniforms burst into flames when they lighted cigarettes Wednesday night, burning both seriously.

An orderly, Van Smith, quickly smothered the flames. Miss Charlotte Smith, 23, of Danville and Miss Kathleen Oehler, 19, of Frankfort suffered second and third-degree burns over 50 to 60 per cent of their bodies.

Both were listed in fair condition at St. Joseph's Hospital, where the accident occurred.

Donald Ford, assistant administrator of the hospital, said the students had been cleaning surgical instruments with ether and apparently had gone into a washroom to smoke.

Rep. Cunningham Is Confused With Ex-Great Runner

WASHINGTON (AP)—It may take Rep. Glenn Cunningham, Nebraska's new 2nd district congressman, some time to convince people here that he is not the one-time famous mile runner.

Back in the 1930's, Glenn Cunningham of Kansas was one of the world's top mile runners.

At a conference of Republican leaders the other day, when committee assignments were being considered, Rep. Joe Martin of Massachusetts, House Republican leader, referred to Cunningham as "the great runner."

Rep. A. L. Miller (R-Neb) called Martin on this.

"But," Miller said later, "Joe was hard to convince. He was sure that our new member was the former great athlete."

Blind Pianist, 40, Cleared By Cops Of Drunk Driving

SAN DIEGO, Calif. (AP) — A 40-year-old blind pianist was cleared Wednesday of suspicion of drunken driving after being found behind the wheel of a car several hours earlier.

Police Capt. William Thien said another occupant of the car, who was sober, finally admitted being the driver. Thien said the pianist admitted being drunk but denied being the driver.

The pianist, Myron Miles Sautter, was behind the wheel of the car when it was stopped by police. They said it failed to make a boulevard stop. He was booked on suspicion of drunken driving.

Police said his companion, William Arthur Renner, 25, a drummer, admitted being the driver several hours after the car was stopped. When he saw the police car approaching he slid across Sautter and pushed the blind man behind the wheel, Thien said.

Police said a complaint will be sought against Renner charging driving while his license was revoked, failure to observe a boulevard stop and giving false information to police.

Earlier, police quoted Renner as saying he asked Sautter to drive him home and that he guided the pianist through five miles of San Diego traffic before the car was stopped.

Central City Man Farm Equipment Association Head

OMAHA (AP)—Leonard Glantz of Central City Wednesday night was announced as the new president of the Midwest Retail Farm Equipment Assn. as the annual convention closed with a banquet.

Other officers elected were Paul Bender, Sutton, vice president; Everett Towne, Broken Bow, director, and L. F. Barry, Omaha, managing director.

'Tremendous' Ground Water Potential Seen

. . . For Albion Area

ALBION, Neb. (AP)—The Albion area was described as having "tremendous ground water potential" by E. C. Reed, Nebraska state geologist.

Reed was a speaker at the irrigation clinic sponsored by the state Extension Service, county extension agents in the area and Omaha and Albion Chambers of Commerce.

The meeting attracted from 1,000 to 1,200 persons.

Reed, in his speech, charted the area's water situation and outlined legislation now before the Unicameral dealing with registration of irrigation wells, spacing of wells and licensing of well drillers.

A panel moderated by Bruce Russell of the Farmers National Co., Omaha, dealt with changing over from dryland to irrigation farmers. Panel members included John F. Schrunk, chief irrigation engineer for a Denver irrigation equipment firm, and Paul Nylander of the Soil Conservation Service in Lincoln.

Dick Kennedy, Albion, of the Plum-Beaver Conservation district, was moderator of a panel on off-season irrigation. Other members, all farmer-irrigators, were Fred Asche Jr., Columbus; Claude Schrage, Neligh, and Clarence Choat, St. Edward.

Two group discussions were afternoon highlights, one for present irrigators and the other for new or potential irrigators.

Bill Maxwell of the Albion Chamber and Harold Schermerhorn of the Omaha Chamber were chairmen.

'56 Bond Sales Hit 94% Goal

The total purchases of E and H bonds during December in the state of Nebraska amounted to $6,322,902. In comparison to the previous month, there was an increase of nearly on-half million dollars according to Frank B. Heintze, state director.

The total sales for the year of 1956 were $93,647,988 which represents 94.1 per cent of Nebraska's quota of $99,500,000.

Forty-three counties made over 100 per cent of their quota.

Nationally, sales of E and H bonds amounted to $5,043 million which represented 89.3 per cent of the treasury's goal for last year.

Weather Ahead

Extended forecast for Nebraska: Temperature will average near normal over the extreme western portion of the state to about 15 below normal in the east, with slow warming in the west early in the period, otherwise only minor day to day changes. Normal highs range from 30 in the northeastern part to upper 30s in the southwest, and normal lows from 10 along the northern border to 15 in the southeast. A little light snow is indicated for extreme eastern Nebraska intermittently during the period, but none of consequence over the state.

Lincolnite Heads Civil Engineers

OMAHA (AP)—The Nebraska Section of the Society of Civil Engineers Wednesday night elected Paul C. Benedict of Lincoln as president. He is with the U. S. Geological Survey.

K. P. Lucas, Omaha, was named senior vice president; Nathaniel Beezley, Lincoln, junior vice president, and Larry Miller, Omaha, director-at-large.

Poland, China End Talks In Warsaw; Mum On Kremlin

WARSAW, Poland (AP) — Poland and Red China ended their talks Wednesday with a compromise statement which avoided any mention of Soviet Russia as the leader of the Communist bloc.

But the Polish leadership joined Red China's Premier Chou En-lai in lambasting U.S. policy in the Middle and Far East, and in supporting the Moscow-made regime of Janos Kadar in Hungary.

The document, the outcome of five days of ideological discussions between Chou and Polish party chief Wladyslaw Gomulka, thus brought the Poles in line with their Communist neighbors on the most important issues in current international affairs.

In return, Chou temporarily dropped the references to Soviet leadership which embarrassed Polish Communists on his arrival last Friday. He also gave approval to Gomulka's internal policies. These break away from Moscow's tutelage in that they stress a decentralized economy, a greater degree of personal freedom and watered-down political liberty.

In his farewell speech at the airport, however, Chou again emphasized his theme: "Long live the solidarity of the socialist countries headed by the Soviet Union."

Then he took off in a gleaming Soviet jet airliner for talks with Kadar's puppet regime in Budapest before returning to Moscow to report on his mission.

First Step Okayed On Sewer Bonds

OMAHA (AP)—The Omaha City Conucil unanimously approved the first step toward issuing three million dollars worth of sewer construction bonds.

The council agreed to retain Kirkpatrick-Pettis Co., as financial consultants in the planned issue.

The firm is to report by mid-March whether it would be feasible to issue revenue bonds guaranteed by the sewer-use fee. If this is impractical, Don Pettis said, there would still be time to place on thhe May ballot a proposal to issue general obligation bonds.

Planing Mill Mishap Breaks Man's Arm

A 26-year-old Lincolnite suffered a compound fracture and laceration of the right elbow in a machine accident at the Curtis Planing Mill Wednesday.

Ewald Bockman, 26, Route 1, was listed in good condition at St. Elizabeth Hospital.

Yank Said Giving Up Citizenship

NEW YORK (INS)—An NBC report from Moscow Wednesday said a Connecticut college professor has renounced his U.S.citizenship.

The broadcast said Alexander L. Kasen-Beg, 54, a professor at the Connecticut College for Women at New London announced his decision in Pravda.

Kasen-Beg was said to have left for Switzerland last August for an eye operation.

The Pravda interview, reported by NBC, quoted the professor as denouncing the U.S. for "deep corruption,"

'Surprised'

NEW LONDON, Conn. (INS)—The president of the Connecticut College for Women expressed scepticism over a Soviet claim that a former professor had renounced his American citizenship.

Miss Rosemark Park said she was "surprised" by the NBC report that the Soviet newspaper Pravda published a renunciation by Alexander L. Kasen-Beg, 54, a former assistant professor in Russian.

Miss Park said Kasen-Beg's lang-standing interest in religious movements, including the YMCA, and his close association with the Romanoffs, the pre-revolutionary ruling family, "make it difficult to see how he would put himself into such a position of danger."

Japan Asks U.N. For Notice Before Atom Test Blasts

UNITED NATIONS N.Y. (INS)—Japan proposed Wednesday that countries give advance notice to U.N. of all nuclear tests and that the atomic explosions be conducted under international supervision.

Japanese Ambassador Renzo Sawada told the Assembly's Political Committee that it was the "strong hope" of Japan that "all kinds of test explosions, large or small, be ceased forthwith."

He urged the committee, "as a minimum, to establish procedures for prior notification of all kinds of test explosions to a competent organ of the U.N., to provide absolute safety for human health under international supervision, and to assure that no economic losses be inflicted upon other parties."

Ambassador Henry Cabot Lodge, in a major disarmament speech on Monday, indicated the U. S. would be willing to agree to advance registration of nuclear tests and "limited" supervision over the explosions.

Sawada said Japan was "disappointed" at the lack of progress in U.N. toward the end to the arms race. He said it was the "ardent hope" of Japan that the "world could altogether prohibit forthwith the production and use of nuclear weapons."

Sidney Band Ready For Inaugural Trip

SIDNEY, Neb. (AP)—The 99-piece Sidney band, along with 56 adults, will leave Sidney by train Thursday for Washington, where the band Monday will represent Nebraska in the inaugural parade.

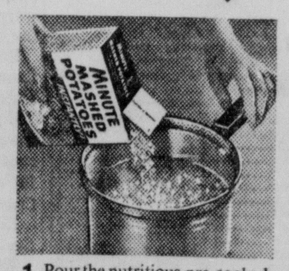

Now! Fluffy, Perfect Mashed Potatoes...in 2 Minutes!

They're New Minute Mashed Potatoes—the same choice potatoes you buy yourself—all ready for jiffy fixing. They turn out creamy-smooth and perfect every time—never lumpy—with all the wonderful flavor of the best homemade mashed potatoes.

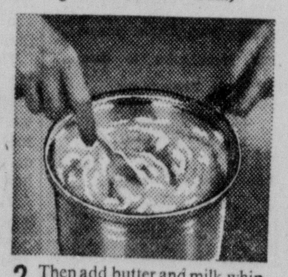

...AND WITH NO WORK!

There's no peeling, no boiling, no mashing! You just do this:

1. Pour the nutritious, pre-cooked potato shreds into salted boiling water. (Do not cook.)

2. Then add butter and milk, whip with a fork—and sit down and enjoy them!

Dag Prods Israel To Get Out Of Egypt As Requested By U.N.

UNITED NATIONS, N.Y. (AP) — Secretary General Dag Hammarskjold reported to the U.N. Assembly Wednesday the complete withdrawal of Israeli forces from Egypt is an essential step to peace between Israel and Egypt.

He made public a report showing that Israeli forces, more than two months after the Assembly repeatedly requested them to leave Egypt, have not yet withdrawn. Shortly afterwards, the Assembly was called to meet at 10:30 a.m. Thursday at Egypt's request to consider the situation.

The Asian-African bloc meanwhile finally agreed on a resolution to be placed before the Assembly Thursday. It notes "with regret and concern" the failure of Israel to comply with the Assembly resolutions calling on Israel to withdraw from Egypt immediately. It also notes Hammarskjold's report and requests him to continue "his efforts for securing the complete withdrawal of Israel."

Restrictions

The Arab states and some others in the bloc have been pushing a demand that Israel get out of Egypt within five days on penalty of economic, financial or military restrictions but these provisions were watered down by the entire group in an effort to make virtually certain approval of the resolution. The entire group also dropped a proposed clause condemning non-compliance by Israel with the Assembly resolutions.

There was no hint from the United States on its stand on the final text.

The U.S., however, gave full backing to Hammarskjold's views. A U.S. delegation spokesman commented that the United States stands for the full compliance by Israel with the Assembly resolutions. The spokesman also said demolitions by retreating Israelis violated the cease-fire agreement in Egypt.

Some delegates from other areas, especially Western Europe, showed irritation at what they called the slow rate of Israel's withdrawal.

Vital To Israel

In his report Hammarskjold said Israel will have withdrawn by Jan. 22 from all of Egyptian territory except the Gaza Strip and the area around Sharm el Sheikh. The latter commands the entrance to the Gulf of Aqaba and is vital to Israeli efforts to maintain an open waterway to the southern Israeli port of Elath.

Hammarskjold said that Israel had been silent about the Gaza Strip. He said this was Egyptian territory under the 1949 armistice agreement between Israel and Egypt and that he would discuss Gaza with the Israelis.

He said Israel wanted further discussion with him about the Sharm el Sheikh sector.

Diplomatic sources said Israel was demanding real guarantees as the price of its withdrawal from the positions commanding the entrance to the Gulf or Aqaba. The gulf is vital to Israel as a southern entrance to Israel territory at Elath and as a way to circumvent Egypt's bar to Israeli shipping through the Suez Canal.

American Lutheran's $13,950 Budget Includes Funds For New Church Site

A budget of $13,950 adopted by the American Lutheran Church represents unification of current operational and building budgets, an action approved by the congregation at the annual meeting.

Emphasis during 1957 will be placed on retiring debt on a lot purchased for the new church at 42nd and Vine. Construction on the church building is expected to begin in a minimum of two years, according to the Rev. Orville Lehman, pastor.

Otto Moeller was elected deacon and James Spilker was elected trustee.

Re-elected were Mrs. Erwin Goldenstein, secretary; Mrs. H. Fuhrer, recording secretary and Ralph Saathoff, treasurer.

Dale Rathe was re-appointed Sunday School superintendent.

500 Expected At Meeting Of School Boards

More than 500 delegates are expected to attend sessions of the 38th annual convention of the Nebraska State School Boards Association Thursday and Friday in Lincoln.

Wednesday meetings of the executive, legislative, resolutions and constitution committees were held in preparation for business sessions Thursday.

School district reorganization and taxation and school finance will be the main topics before school board group.

Governor Victor Anderson will address the group Thursday morning and Dr. Harry Burke, superintendent of Omaha schools, will speak on "The Effect of Recent Legislation on Property Taxes of the Home and Farm."

Dr. John R. Mayor, director of the American Association for the Advancement of Science, will speak at the noon luncheon.

Afternoon forums will consider school taxation and redistricting. Chancellor Clifford Hardin will address the evening dinner for school board members and school masters.

Friday morning Dr. Freeman B. Decker, state commissioner of education, and his staff will present the present status of the Nebraska school system.

Officer elections will be held Friday morning and new officers introduced to the delegates at the Friday luncheon. Mrs. William A. Shannon, executive secretary of the National School Boards Association will also address the Friday luncheon meeting which closes the two-day session.

Joint meetings of the legislative Committee headed by M. David Osterhout Jr. of Crete and the resolutions committee headed by George H. Moyer of Madison were held Wednesday to draft convention resolutions for presentation.

Also meeting to resolve policy matters were the executive committee headed by Mrs. J. F. Lucas of Omaha, NSSBA president, and the constitution revision committee.

State Chamber Managers Meeting Begins Thursday

Representatives from more than 25 city organizations are expected to attend the annual Nebraska Chamber of Commerce Managers Association meeting starting here Thursday evening.

The convention will hold informal sessions Thursday evening, with business meetings scheduled for Friday morning through Saturday morning at the Hotel Lincoln.

J. R. Pratt of Minneapolis, division manager of the U.S. Chamber of Commerce will be one of the featured speakers, leading a "shop-talk" discussion Friday afternoon.

Others peakers will be E. C. Reed, U of N professor, speaking on state groundwater resources; C. V. Price, head of the Nebraska Resources Division, on state industrial efforts; C. D. Nielsen, U of N professor, on retailing; managers of the Norfolk and Fremont chambers, leading a panel discussion on highway associations, and managers of the Hastings and Grand Island chambers, a panel on "Self Analysis and Up-Grading Our Profession."

Elections of state officers will take place Friday afternoon. President of the group is Larry Owen of Columbus.

Omer D. Doty, 64, Dies Unexpectedly

Lincoln Star Special

MAXWELL, Neb. — Omer D. Doty, 64, of Maxwell, Neb., died suddenly at North Platte. He was a former Pawnee County farmer.

Surviving are a sister, Mrs. Myrle Miller of Liberty, and four brothers, Ernest and Dwight, both of Lincoln, W. Lin of Burchard, and Foy of Beatrice.

Funeral services are pending.

2 Bills Advance

The Public Works Committee advanced to the floor Wednesday a bill to extend the housing authority law to permit certain municipalities to acquire property for public purposes.

The bill, introduced by Sen. Kathleen Foote of Axtell, was advanced to general file by a unanimous vote.

The Committee on Labor and Public Welfare, meanwhile, advanced to the Legislature by a 6-0 vote a bill to include non-resident state employes under the workmen's compensation law.

ARCHITECTURAL MODEL-MAKER TO SPEAK HERE

Robert W. Mitchell, an architectural model-maker who is president of Mitchell Models of St. Joseph, Mich., will speak in Lincoln Jan. 24.

He will address the University Department of Architecture at 4 p.m. and the Nebraska Chapter, American Institute of Architects, at 8 p.m.

Both illustrated lectures, open to the public, will be in Room 217, Ferguson Hall.

Mitchell made architectural models for the U.S. 8th Air Force in Europe and the Royal Air Force during his Army service in World War II.

Models he has made since then include those of the U.S. Air Force Academy at Colorado Springs, the Hctel Statler in Los Angeles and the Riverfront Development in Detroit.

Cornhusker TV Corp. Promotes A. James Ebel

A. James Ebel, general manager of KOLN-TV has been elected vice president and director of Cornhusker Television Corporation it was announced by John E. Fetzer, president and owner of the company.

Ebel

Ebel has been with the Lincoln television broadcasting concern since January, 1954. Prior to that time he was with WMBD, in Peoria, Ill., another Fetzer associated property. He joined that organization in 1946. Prior to that time, he was a professor on the staff of the University of Illinois.

Ebel has had a wide experience in the field of radio and television as an engineer and executive. He supervised the rebuilding of KOLN-TV as well as the complete staff reorganization in Lincoln. Under his direction, the station has developed network affiliations with CBS and ABC.

Iowan Killed

RICEVILLE, Ia. (AP) — Robert Kapka, 73, was killed when a coal stove exploded in his one room home here. Howard County Coroner N. A. Bradley said Papka died of suffocation and third degree burns. His home was destroyed.

With Mixed Feelings

Nebraskans will be required to greet with mixed feelings those portions of President Eisenhower's proposed budget which deal most fundamentally with the state's economy.

It was indeed a disappointment that the President did not see fit to recommend appropriations for a Fort Randall to Grand Island electric transmission line. A year ago he made such a recommendation, albeit the line failed for its second time in Congress. The President's silence on the project this time further dims hope for its passage in its third effort. Although the Nebraska delegation has addressed its efforts toward the revival of the project, only recently it was rebuffed by both ranking members of the House subcommittee through whose hands the provision must pass.

Although the Eisenhower request for agriculture was a record sum, $5,329,880,000, it carried with it no significant mention of a new approach to the general agricultural problem. Nebraskans, essentially a self-dependent people, are interested in the creation of a more equitable economic climate and are not greatly stimulated over the prospect of more federal spending for ills that exist because of the present one.

Fast Write-Off Hunger

Congress introduced an innovation during World War II. In order to stimulate defense plant expansion it allowed fast write-offs, permitting builders in most instances to depreciate their new construction totally in about five years with a considerable saving in taxes.

The practice was gradually put to death after the war. Now there is pressure on Congress to restore the privilege, this time to stimulate expansion of peacetime business. The nation has plenty of expansion plans on the drafting boards but the tight money situation and high costs otherwise are putting a damper on actual construction. Advocates of the write-off declare that national welfare requires action to end the log jam.

Congress had better take a long, skeptical look at such a pleading. The wartime provision was an action in survival, not a piece of balanced economic thinking. What the present advocates are really saying is that the administration's current tight money policy should not apply to everyone, that certain industry should be a favored exception for whom special tax savings are to be the make-difference. This is treading on dangerous ground, so attractive to influential groups that it could easily lead to a stratified economy in which an elite would learn to ride on the tax shoulders of the non-elite. When we accept that then we have had it and we will have fallen back into the pit from which we once staged a revolution to escape.

If the administration's tight money policy is at fault then the correction should be made there. No justice abides when an impractical policy lives by creating exceptions.

Sizing Up The Job

It should be rather heartening to the people of Nebraska and of the rural Midwest that Roscoe Drummond, one of the 60 correspondents accompanying President Eisenhower on his drought-inspection trip, had the courage and understanding of the inherent magnitude of a drought problem confronting American people to say this:

"No one farmer, no one community, no one state can lick this problem. It is a vast regional problem and it is in a large part a national responsibility."

There is more, much more to what Roscoe Drummond wrote of a drought which has plagued and punished the peoples of the Great North American Plains for a period of from two to seven years, but the real nub of Mr. Drummond's observation is that the American people should come awake and understand what is happening directly in front of their eyes.

Earlier Drummond had told us something about ourselves which we should know:

"As a people, we have a tendency to turn our hearts and our pocketbooks inside out in a rush to aid the victims of a Japanese earthquake or of Soviet repression in Hungary or of a whole continent on the brink of economic collapse, as in the Marshall Plan. That is right. Few would want it otherwise. When mankind is not kind, it is less than man. But tragedy at home must be just as appalling—and just as appealing. Parched, barren land, parched, barren incomes, parched, barren farms and farmers, ranches and ranchers, acre to acre, mile to mile, horizon to horizon, year after year, days without end, and the end is not yet."

It would take the keen, sensitive, understanding mind of Roscoe Drummond to come up with that. It is quite a different conclusion which was credited by the press dispatches to President Eisenhower.

"I am convinced that the state and local governments should assume greater responsibility in helping solve the recurring problems of agriculture, including distress. I think this would aid materially in a more effective administration of these programs and in better adapting them to local conditions and actual requirements."

That is what Ike thinks.

By all means, local and state governments should do everything within their power to contribute to intelligent leadership in times of drought. But covering exactly the same course over which the President flew, Roscoe Drummond came so much nearer to reaching a sound, solid conclusion than the President. Ike said he was convinced that state and local governments should assume greater responsibility. Roscoe Drummond said no one farmer, no one community, no one state can lick the problem—it is in large part a national responsibility.

Which one knows his oats?

Of Men And Things

By J. E. LAWRENCE

The Nebraska chapter of the Pete Elliott story now is complete. In basic details, it is made of the stuff, a type of success story which millions of Americans find good reading. Here only slightly more than a year ago was a most appealing, smiling, personable young man, an assistant coach at the University of Oklahoma under the fabulous Bud Wilkinson. Nebraska, which had had its bumps along with a long, illustrious proud football record, reached out, tapped Elliott on the shoulder and extended to him a genuine warm-hearted welcome as its head coach. We doubt if any man could have wished for more.

★

If Pete Elliott found it impossible to say "no" to the allure of the Golden West, then it must be granted he was only acting in the spirit of the times which says to the young man, go out in the world and make the most of opportunity, financially and in all other respects. Opportunities to become head coach at the University of California, one of several great institutions on the Pacific coast, do not come knocking at the door every day in the week, or more realistically, every year. It is easy to understand that Pete Elliott had a decision to make that could be tormenting for any man, and yet there will be numbers of Nebraskans disappointed and saddened by his leaving. We personally felt that the sports columns suggesting that Elliott was considering a job at Washington, and then later at California as "Pappy" Waldorf's successor, brought Elliott's usefulness to Cornhusker football to an end. It was a somewhat cynical, blunt but realistic comment to which Regent C. Y. Thompson of West Point, a veteran member of the Regents, gave voice in the sports columns of The Lincoln Star Wednesday:

His Usefulness Ended

"Undoubtedly we lost a good coach," Regent Thompson was credited as saying, "but it doesn't seem quite right for him to leave the university as he did. Unfortunately, he seems to be looking out for his own interests rather than those of the university and the football team." Mr. Thompson then added that he thought Bill Jennings would prove an able successor.

★

We appreciate fully how natural and human it is to seize opportunity when it arises. When Elliott came to Nebraska to serve as its coach a year ago this month, there was no formal written contract but only an agreement. The California undergraduate body is about double that of Nebraska — its football stadium accommodates 81,000 spectators — its field house, more than twice the size of the one here at the University of Nebraska—and its track facilities on a similar scale. It has been tough and rough and rugged out on the West Coast where it can be said, as it is to be said in much of the country, that the disposition more and more is to take football seriously.

★

The Elliott story is finished. His friends here will wish him well and those inclined to be somewhat critical of a brief stay in a meteoric rise to coaching prominence will shortly forget. In his place comes Bill Jennings, soft-spoken, solid, possibly, it may develop, made to order to take up the coaching burdens at the University of Nebraska where Elliott left off. Our good neighbor, Missouri, with Don Faurot giving up football after more than a quarter of a century, reached out to select for head coach at Missouri an assistant to Bobby Dodd of Georgia Tech, who has had a magnificent record throughout the years. On the somber side, we as a people will continue to view the mad scramble for coaching skill with conflicting thoughts both in relation to the effect upon athletics and in the broad field of education.

Soft-Spoken Bill Jennings

★

What better wish could we shape for these openings days of 1957 than that Bill Jennings, a stout-hearted man, a gridiron great in his own right, and a seasoned competent coach, shall lead the Huskers onward and upward to new paths of glory.

His Hand Stilled

Wherever exquisite musical expression is appreciated there will be grief over the death of Arturo Toscanini.

The famous conductor, considered by many to have been the greatest of his generation, died at his New York home, full of years. He was 89. One cannot say that his career was cut short. Rather one can say that he delivered the fullness of his unusual abilities and that of such there is never enough.

Toscanini was a native of Italy, a resident of the United States and in truth a citizen of the world. The arts are not parochial. When expressed by genius they are universal. What has been achieved in the higher reaches of art, music, literature and science blesses everyone. It is in those areas that humankind has learned to be internationalist successfully, to be tolerant and amicable.

The world has lost a great deal by the stilling of the hand of a musician like Toscanini. But his death is no cause to cease to reflect upon the sort of a world citizen he was and how rewarding it was both to him and all others to be that way. It causes a people who are often tempted to become cynical because of their defeats to turn once again toward the light of a more advanced world order—one in which ordinary people can live together everywhere on the enlightened level that described the life of Toscanini.

Suggest Truman Make Asia Visit

WASHINGTON—Now that President Eisenhower has told his staff he will not accept Prime Minister Nehru's invitation to visit India, and now that Harry Truman has come so emphatically to the support of Ike's Near East doctrine it might be a good time for some presidential reciprocity.

In brief, now is the time for Truman to be drafted to take a goodwill trip to India and Southeast Asia.

This suggestion is not made for the purpose of glorifying Mr. Truman, but because the status of American prestige in Southeast Asia is not good, also because American envoys in that area have been urging the State Department to send a top-level American as a goodwill ambassador.

Just as the Queen of England, Princess Margaret and the Duke of Edinburgh are kept busy visiting various parts of the world, so the United States must necessarily send distinguished citizens on goodwill tours.

Bulganin and Khrushchev got a tremendous reception when they visited India, Burma, Pakistan, and Afghanistan, but nothing of moment has been done since then to counteract their success. Secretary Dulles did make a trip to this area — with little or no benefit. The Burmese government even refused to let him land on their territory.

Last year Mr. Truman took a trip on his own to Western Europe, got a tremendous reception, made a lot of friends for the U.S.A. He has a knack of rubbing shoulders with the man on the street in a way that sells democracy. He was also the first to initiate the Marshall Plan and the Point 4 program, which helped save Asiatic countries from Communism in the post-war years.

However, when Truman's name is mentioned around the White House it evokes sour remarks from the present incumbent. Ike has been bitter at Harry ever since the 1952 campaign when the ex-president criticized Eisenhower's handling of Russian affairs in Berlin immediately after V-E day.

Politics being politics, however, the President should learn that a lot of things that happen in the heat of a campaign must be forgotten afterward. And he would give a real boost to the free world's fight against Communism if he sent his predecessor to Asia on a good-will mission.

DORIS FLEESON

Humphrey Tied To Unwelcome Budget

WASHINGTON — The Washington equivalent of a bullfight is a press conference held by a cabinet member forced to defend an administration policy that the reporters know he purely hates.

The secretary of the Treasury and Mrs. George M. Humphrey are delightful people and members of a rather too small group of Eisenhower officials who relax and enjoy the press. But charm could not efface the fact that the secretary was having to support an Eisenhower budget for fiscal 1958 that:

1. Constitutes the federal government's biggest peacetime outlay with projected expenditures of about 72 billions.

2. Contains substantial funds for virtually every aspect of the welfare state installed by Democratic presidents over the anguished protests of Republicans.

3. Makes impossible a soundly financed tax cut, being, in fact, very narrowly balanced as it stands with extremely optimistic estimates for increased tax revenues.

4. Contradicts, in general mood and particular items, both Republican campaign promises and supposed anti-big government philosophy.

☆ ☆ ☆

The actual budget figures are not the only spending which Humphrey had to explain. The President will seek still another increase in spending authority bearing no direct relation to next year's plans but signaling higher outlays in future years.

The secretary tried manfully in his prepared remarks to distribute the blame for a state of affairs he said he did not like. Everybody, he insisted, beginning with the public, which looks to Washington for help is at fault. He included himself but carefully generalized about "the administration" whenever a reporter mentioned President Eisenhower's responsibility or remarks.

Tension built quickly in the conference but was slightly relaxed when a reporter asked: "Aren't you encouraging Congress to cut this budget?" Humphrey's reply got somewhat involved, but it is fair to say that his answer was yes.

☆ ☆ ☆

Where he really dropped his watch, however, was in insisting that the Treasury would oppose any tax changes which would reduce the government's income. Reporters pointed out to him a passage in the state of the union message in which the President called on Congress to consider specific tax relief for small business.

"He only asked Congress to consider it," evaded the secretary.

"Is it your idea that he was fooling?" shot back the reporter.

After some sparring, the secretary said he would not cut his throat if some minor relief were granted, say 20 millions.

BOB CONSIDINE

Retired Brass Doing All Right

NEW YORK—Irving Berlin, the greatest, wrote a song for Bing Crosby in "White Christmas" which went something like this:

What can you do with a general
When he stops being a general?
Oh what can you do with a general
who retires?
Who's got a job for a general
When he stops being a general
They all get a job but a general
no one hires.

And the song went on to say:

It seems this country never has
enjoyed
So many one and two and three
And four star generals unemployed.

(Copyright Irving Berlin Music Corp.)

The master's work may be in need of a brief rewrite. The generals are now doing pretty well, a fast checkup showed today. (There aren't any benefits being run for admirals, either.) Remember when "I Didn't Raise My Boy to Be a Soldier" was hotter than the Kissel Kar? Well, you'd be a chump not to raise the kids that way today, if you expect them to make something of themselves in the tycoon department later on in life.

☆ ☆ ☆

Gen. Douglas MacArthur, who will be 77 next week, is active as chairman of the board of Sperry Rand. Adm. Bill Halsey, his strong right naval arm in the Pacific war, is firing broadsides for the International Tel and Tel. Air Force Gen. Carl Spaatz is military analyst for Newsweek.

Gen. Walter Bedell Smith is with American Machine and Foundry, Gen. Lucius Clay heads up Continental Can. The top quartermaster of World War II, the late Gen. Brehon Somervell, headed up Koppers. Gen. Ira Eaker, who was in charge of the army's Eighth Air Force when the raids on Germany were opened, is with Hughes Tool. Gen. Harold George of Air Transport Command (now MATS) is senior vice president in charge of administration for the Remo-Woolridge Electronics Group of Beverly Hills, Cal.

Gen. Jimmy Doolittle was all set to retire recently from his executive post with Shell Oil, having attained the remarkable (for Doolittle, at least) age of 60. Wishing to remain partly active, he accepted the post of chairman of the Air Force's Scientific and Advisory Board, chairman of the National Advisory Committee for Aeronautics, chairman of the Stassen Commission to Study Air Inspection Methods, became a member of the Defense Department's science board, a member of the National Air Museum Advisory Committee and a member of the President's (another general) Foreign Intelligence Board. Then Shell asked him to stay on its rolls a few more years. So now, having reached retirement age, Doolittle has seven jobs instead of one.

Gen. Hugh J. Casey runs Schenley distilleries. Gen. Gruenther, having turned down several $100,000 a year jobs, is president of the Red Cross at a modest $30,000. Gen. Mark Clark is president of The Citadel. Gen. Ernest Harmon is the prexy of Norwich (Vt.) University. Gen. George Kenney heads the Arthritis Foundation. Gen. Vince Malloy, one of the first B-17 men, is with United Aircraft. Gen. Omar Bradley is an important cogwheel with Bulova.

Gen. Joseph T. McNarney, who ran the air war in Italy, is big with Convair. Gen. C. R. Smith runs American Airlines. Carter L. Burgess, former assistant secretary of defense and colonel under Eisenhower, is the new president of TWA. Gen. Ennis Whitehead is at Northrup. Adm. John Cassidy, who headed the Sixth Fleet, now heads the flight safety work endowed by the Guggenheim Foundation. Gen Ben Chidlaw, USAF, is big at Thompson Products. Adm. Dewitt Ramsey runs the Aircraft Manufacturers Association. Gen. J. B. Montgomery, former head of the Eighth Air Force, is with General Electric, and Gen. Claire Chennault is chairman of the board of C A T, the Formosan Airline.

And that's just for starters, Irving.

THE NEIGHBORS SAY

Prime Rib Of Tadpole For Calorie-Curbing

By MONA B. PARKER

Seasonal signs of the times, and also economic trends could be read into the paragraphs by a Fillmore County farmwife who had been glancing through the morning mail . . .

"Already the baby chick folders have been coming to the house, with fuzzy little balls of fluff displayed in the palm of the hand, no doubt an attempt to drum up enthusiasm. Somehow as I gaze out toward our brooder house looking so forlorn against the bare trees, I cannot muster the courage to think in terms of small chicks. When I think of the price of eggs the past two years, the last bit of enthusiasm I may have had soon vanishes. Perhaps we will eliminate the fowl for a second season in our farming operations . . ."

☆ ☆ ☆

Another farmwife, now turned city dweller, has learned that distance is a relative thing, with the elements of added years and available time to be considered. Anna Dee Weaver, news editor for the Loup Valley Queen, says she once was amazed when friends in town got their cars out to drive three or four or five blocks. "I walk that far to change the hose in the garden or to go to the end of the barnyard," she would tell them then. But now, living in town "the distance of 4½ blocks seems longer somehow," and she too has taken to wheels.

☆ ☆ ☆

Holdrege Citizen Editor Harold Spence says that writing a column is comparable to what is expected of the housewife day after day —that a tasty dish and something different be always forthcoming. Sometimes the brain food and otherwise both fall flat, lacking flavor. Sometimes the spice is missing, sometimes there is too much spice for ordinary palates. But when someone does enjoy what is served up, and says so, it's all worth the effort . . .

☆ ☆ ☆

Speaking of tasty dishes and such — it all turned out to be a rib — but not a prime rib — that Phelps County Home Agent Eva Bute was suggesting for the diet-conscious female populace . . .

Among the items on the bill-of-fare were: scraped crumbs from burned toast, doughnut hole without sugar, boiled-out stains from tablecloth, belly button from a navel orange, two lobsters' antennae and a prime rib of tadpole . . .

☆ ☆ ☆

Yes, women talk about weight, and nearly everything else, too much and too long and too loud, if one is to judge by the Western Nebraska Observer's caustic remarks to the effect that "the average woman's vocabulary is only about 700 words. But get her riled up, and gosh, what a turnover!"

☆ ☆ ☆

The Springview Herald remembered a pleasant aspect of those gone-forever days when the cracker barrel occupied central and honored position in every grocery store. Every casual passerby picked up a cracker or two from the barrel and "the groceryman would give you a piece of Longhorn cheese to nibble on with the crackers."

Only a memory now is the institution and even if today's merchant were inclined to reinstate it, sanitation would rule sentiment out the window.

Want ads are perhaps the greatest little eye-catchers and business-getters in the business. And often they're good for a laugh or two, also, either in original presentation or the response they evoke. There was the published need of Lions Club President Henry Brummond of Walthill, for instance, for a woman to do some cooking for the group. One letter that found its way back to his desk stated in all seriousness: ". . . I am not a woman, yet I cooked for a zoo for years and I am well qualified to cook for lions. Will you please tell me how many lions you have in your zoo, and how old they are. I feed mostly horse meat and some monkey meat to lions. This makes them happy and gives them plenty of pepper."

Sales Tax

Lincoln, Neb.

To the editor of The Lincoln Star:

There is some agitation among some of the legislators for a sales tax. I wonder if these legislators realize that the enactment of the sales tax is about as much an imposition as taking candy from a baby.

These little ones are the citizens of tomorrow and when war threatens, which it surely will, these legislators who would impose a sales tax on the necessities of these children will perhaps be the first people to start telling the then grown-up babies to be patriotic, that the government will furnish shoes, clothing, food and transportation for them, that all these little ones will have to do is follow the age-old injunction — Johnny, get your gun, that is all you have to do.

If these legislators who are so anxious to impose a sales tax on the necessities of life today would look at the record of sales taxes in other states, they would be confronted with the positive fact that a sales tax is not a relief from property taxes but merely an additional burden to hang on the backs of the poor.

Search For Truth

Lincoln, Neb.

To the editor of The Lincoln Star:

I appreciate the interest taken in me as an "unbeliever." A number have given me advice, referring me to certain passages in the Scriptures. One party advised me of a weekly program to which I have listened several times, and admit that I have learned a few things already.

It has been said that pagan China would have been converted to Christianity long ago if it hadn't been for the conflicting opinions of the different denominations that have sent missionaries to try to convert her. I feel that hope coupled with prayer should enlighten me to find faith.

As I said before, reading of the Bible alone can't be the way to be saved. For those who lived before the printing press was invented and others who can't read would not have had a chance. And Bible reading has only caused separation instead of union. Doesn't the Good Book say "that all may be one"?

O. F. MANION

☆ ☆ ☆

National Essential

Lincoln, Neb.

To the editor of The Lincoln Star:

Former Sen. Anderson of Aurora is adding impetus to a popular argument when he insists dolorously that state governments are petering out and the federal government is doing almost all the governing.

Sen. Anderson's premise is sound. Perhaps Mr. Anderson should attack the states for their dereliction rather than complain about the federal government. People want certain things accomplished. They find the federal government a better vehicle than the states. Now the President's conference on education, the governor's conference on education, almost every meeting that is held by American citizens interested in education agrees that the need is great and that it definitely is not being adequately met by the states. This need has been apparent for 20 years. We are falling behind the other nations of the world in education in a way that is dangerous to our prosperity and national defense. The demand of the people of this country for better education is so clear that President Eisenhower is urging substantial federal aid for building schools.

Now, what is Nebraska doing at the present time to make federal aid unnecessary? The governor and the legislature seem definitely inclined to slash education in Nebraska and cut its funds to the quick. The teacher's colleges, the state university, the state superintendent's office all are shivering under the descending knife. If the states want to keep the federal government out of the schools, this is the time and place to act. But it is a safe bet that Nebraska cuts down on its educational program and the chances are equally excellent that Congress makes a substantial appropriation to aid education.

Some of our people who denounce interference with local government might begin on their school districts where many of them are remiss. Then they might take out after the state of Nebraska to supply our educational needs.

Perhaps Nebraska does need federal aid for education. It seems to need aid for roads and agriculture, etc.

This is surely the time for every level of government to come to the aid of this national essential, education.

W. T. DAVIS

Christian Nation

Nebraska City, Neb.

To the editor of The Lincoln Star:

Many choose to call our nation a Christian nation. Well, here are the requirements of a Christian:

"Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind; and thy neighbor as thyself." (Luke 10:27)

The Bible says sit down and count the cost. Many shall be called but few chosen. But if any provide not for his own, and specially for those of his own house, he hath denied the faith, and is worse than an infidel.

When son of man cometh, shall he find "faith on the earth"?

The Bible says, "Therefore wait ye upon me, saith the Lord, until the day that I rise up to the prey; for my determination is to gather the nations, that I may assemble the kingdom, to pour upon them mine indignation, even all my fierce anger; for all the earth shall be devoured with the fire of my jealousy. For then will I turn to the people of pure language, that they may all call upon the name of the Lord to serve Him with one consent."

G. A. GIRL

OFF THE RECORD — Ed Reed

"New baby or ulcer?"

GIVE YOURSELF THIS POPULARITY TEST

1 Do you look forward to going to a dance? Yes___ No___
2 Do partners enjoy dancing with you? Yes___ No___
3 Would you rather be dancing than watching others dance? Yes___ No___
4 Do you feel that your partners want a second dance with you? Yes___ No___

If you answered "yes" to all the above questions you must be the most popular person in town. But, if you had to say "no" a couple of times here's how to change those "no's" into "yes's."

Come in today to Arthur Murray's. Just put yourself in the hands of one of his talented experts and before you know it, you're dancing with confidence and grace.

Then watch those invitations come your way, for *good dancers are always in demand.* So don't wait, don't miss out on good times you deserve to have. Come in now and be all set for your next dancing party.

RETAIL SALES, BUSINESS, BUILDING LAG IN STATE

. . . '56 Wheat Area 'Best Off' In Retail Sales

Nebraska retail sales in November lagged 5 per cent behind November, 1955, the city business index was down 2.2 per cent and building activity was down in all cities but Scottsbluff, the January issue of Business in Nebraska reported.

The bulletin said the North Platte, Kearney and McCook regions "appear to be best off" in retail sales, "possibly because of the 1956 wheat crop."

Retail sales for the state in November, while they lagged behind the same month in 1955, were 5.6 per cent higher than in October, 1956.

Building activity, down elsewhere in the state, was up 6.1 per cent in Scottsbluff, according to the bulletin which is prepared by the University of Nebraska College of Business Administration.

Increases

Showing increases in the city business index, which is not adjusted for seasonal changes and price changes, were:

Broken Bow, 6.1 per cent; Columbus, 4.4; Scottsbluff and Beatrice 1.3; Lincoln, 1; Kearney, .9; Omaha, .6; Holdrege, .3.

Showing decreases were Hastings, 8.4 per cent; Chadron, 7.6; McCook, 5.1; Alliance, 4.7; North Platte, 4.6; Grand Island, 4.1; Norfolk, 2.6; Fremont, .9.

Indicators for compiling the index are bank debits, building activity, retail sales, electricity and gas consumed, water pumped, postal receipts and newspaper advertising.

The city-by-city index of retail sales for November, adjusted for seasonal changes:

	Per Cent of Nov., 1956	Per Cent of Oct., 1956
Nebraska	— 5.0	+ 5.6
Omaha	— 5.1	+ 5.6
Lincoln	— 2.7	+ 5.8
Hastings	— 8.8	+ 5.9
Fremont	— 6.6	+ 0.7
Grand Island	— 9.7	+ 1.1
North Platte	+ .5	+10.9
Scottsbluff	— 8.2	+ 8.7
Norfolk	— 0.3	+ [illegible]
Kearney	+ 3.1	+ 6.4
Holdrege	— 3.6	+ 2.3
Beatrice	+ 2.1	+15.5
Alliance	— 1.2	+ 1.1
McCook	+ 9.5	+ 6.6
Nebraska City	— 4.5	+12.1
Chadron	—14.6	— 8.0
Counties—		
Cass	— 2.7	+19.8
Chase	—11.9	— 2.9
Cuming	— 6.1	+ 6.2
Dawes	—13.4	— 8.8
Dodge (outside Fremont)	—11.2	— 3.8
Franklin	— 5.3	+10.5
Madison (outside Norfolk)	+ 2.7	+10.5
Pawnee	—14.3	+ 8.3
Thayer	— 8.4	+14.0

Legislative Bills Introduced

Bills introduced in the Nebraska Legislature:

LB 153—Moulton, Cole, Otto: To provide for the registration of land surveyors and the Board of Educational Lands and Funds to be the State Board of Examiners; to provide for examination and fees and qualifications and to provide a land surveyor examiner's fund.

LB 154—Aufenkamp: To increase the salary of the state auditor from $6,500 to $10,000 annually.

LB 155—Aufenkamp: To except from the jurisdiction of the State Railway Commission the transportation of wrecked or disabled vehicles by tow truck.

LB 156—Aufenkamp: To provide for use of blanket bonds of indemnity by county officers; conditions of the bonds and how they shall be executed.

LB 157—Williams, Fenske: To provide that motor vehicles shall be registered in the county where the vehicle is domiciled in the school districts, town or township and payment of fees will be to the county treasurer of that county.

LB 158—Bridenbaugh, Burbach, Claussen: To provide the owners of electric transmission line be notified when county or township road work is to be done within six feet of the line.

LB 159—Wagner: To require counties under 200,000 population publish county board proceedings within 30 instead of 10 days and to raise the fee for publishing from one-half the legal fee to the full legal fee of the paper.

LB 160—Nelson, Moulton: To eliminate provisions for seizure and forfeiture of guns while being used illegally.

LB 161—Nelson: To permit the training or running of hunting dogs except from April 1 to July 15; to prohibit molestation of game birds during sporting-dog trials.

LB 162—Nelson: To abolish the game refuge along the Niobrara River in Holt, Boyd, Rock and Keya Paha Counties.

LB 163—McGinley, Burbach: To change constitutional provisions requiring certain executive officers to reside at the seat of government; to place the proposed constitutional amendment on the 1958 general election ballot.

LB 164—Syas: To provide that parents, natural guardians or legal guardians may not be excluded from the hearing in sex psychopathic cases except when necessary to maintain order in the courtroom.

LB 165—Tews: To provide that the state and its political subdivisions be under the same conditions as an employer in wage assignments.

LB 166—Portsche, Otto: To require provision for special education of mentally gifted children of school age; to provide how the education shall be provided and how the cost shall be distributed.

LB 167—Klaver: To increase maximum old age assistance payment from $65 to $70 monthly.

LB 168—Moulton: to limit the increase in mileage on the state highway system to not more than 50 miles any one year.

LB 169—Syas, Simmons, Dooley: dealing with appointment of a commission to negotiate a compact with Iowa for establishment of a boundary between the two states.

LB 170—Tvrdik: to eliminate provisions for state aid bridges; to eliminate the provision for allocation of gas tax fund for cost of maintenance of state aid bridges.

LB 171—Tvrdik, Vogel, Munnelly: to provide for medical care over and above and supplementary to direct payments for medical, surgical, and hospital care for recipients of old age blind, disabled, and dependent children assistance. (Emergency).

LB 172—Syas, Munnelly, Tvrdik: to include mental impairment in the statute providing for aid to the disabled but mental impairment shall not include a disability existing primarily of addiction to alcohol or narcotic drugs.

LB 173—Tvrdik, Vogel, Moulton, Klaver, Munnelly, Adams, Syas: to provide for registration of bonds issued by a Fifth Class school district in the office of the secretary of the Board of Education and in the office of the auditor of public accounts of the state.

LB 174—Tvrdik, Klaver, Munnelly, Syas, Adams, Vogel, Moulton: to provide that a school district in an unincorporated area not attached to a city or village for school purposes, which maintains a high school shall when its area or any part thereof has, prior to effective date of this act, been incorporated into a metropolitan city remain a separate and independent district unless a majority of he voters in the district approve for merging with such metropolitan district; to provide that upon such merger the taxable property in the district shall not be liable for payment of the pre-existing bonded indebtedness of the metropolitan school district.

LB 175—Tvrdik, Munnelly, Syas, Moulton, Adams, Klaver, Syas: to change the requirements of a report to the county superintendent of the school census of metropolitan cities; to eliminate the six months waiting period for receiving disability payments under the school employes retirement system; to provide that the special levy for the retirement fund shall be certified to the county clerk before the county equalization board makes its levy each year.

$185,000 Goal Set For Heart Drive

OMAHA (AP)—A goal of $185,000 for the Nebraska heart fund drive Feb. 1-28 was announced.

The goal is $17,000 more than in the 1956 drive.

State campaign Chairman Robert Crosby said each community chairman has been asked to set a goal of 15 cents per capita.

The Nebraska drive is part of a national campaign to raise $20,000,000.

Frank Houtz Dies; Albion Stockman

ALBION, Neb. (AP)—Frank Houtz, 80, farmer and livestock breeder in Boone County for 60 years, died at his home northwest of Albion.

Funeral services will be held at the Meyers Funeral Home in Albion Friday afternoon.

Survivors include his widow and two sons, Jim of Albion and La Verne of Winchester, Ky.

Pokorny Re-Elected

RANDOLPH, Neb. — Supt. Fred M. Pokorny has been re-elected for another year as superintendent of the Randolph public schools, according to R. W. Gibson, school board president.

NWU To Host High Schools At Tourney

Students from 28 high schools in Nebraska, Iowa and South Dakota will compete in the Enid Miller Memorial Tournament at Nebraska Wesleyan University Friday and Saturday.

Competition will be in debate, original oratory, extemporaneous speaking and radio newscasting. Six trophies and nine medals will be awarded to teams and individuals.

Debaters will use the national high school debate question, "Resolved: That the United States government should support basic agriculture products at not less than 90 per cent of parity."

Wesleyan Debate Coach Jack Mueller said students from these schools plan to take part:

Nebraska: Beatrice, Hastings, Fremont, Grand Island, Kearney, Lincoln Northeast, Lincoln Southeast, Lincoln High, University High, Lincoln Pius X, McCook, Norfolk, North Platte, Omaha North, Omaha Central, Omaha South, Omaha Benson, Omaha Westside, Omaha Tech, Omaha Cathedral, Omaha Mercy, Creighton Prep.

Iowa: Sioux City Central, Sioux City East, Council Bluffs Abraham Lincoln.

South Dakota: Sioux Falls Washington, Sioux Falls Cathedral, Colman.

COMMENCEMENT SPEAKER TO BE NU GRADUATE

Dr. James H. Jensen, a 1930 University of Nebraska graduate who is provost of Iowa State College, will speak at mid-year commencement exercises at the University of Nebraska.

About 300 will receive diplomas at the exercises at 10 a.m. Feb. 2 in the Coliseum.

Chancellor Clifford M. Hardin will preside and the Rev. Thomas Dick of First Plymouth Congregational Church will be chaplain.

Beverly Deepe of Carleton, a student, will introduce Dr. Jensen, who as provost at Iowa State is assistant to the president of the college.

Pastor Installed

CLEARWATER, Neb. — The Rev. D. Braunereuther was installed as pastor of the Clearwater Lutheran Church. The Rev. H. W. Robbert of Norfolk performed the installation rites, with the Rev. C. Pullman of Neligh delivering the message.

Special! . . . Strapless Torsolette in cotton . . . 5.90

Lingerie—third floor

Ft. Randall Transmission Line Hopes Growing Dim

WASHINGTON (AP) — Nebraska hopes for federal money to build a transmission line to carry Missouri River power to Grand Island, Neb., were dimmed Wednesday. President Eisenhower's annual budget made no provision for the project.

"I'm very disappointed," Rep. A. L. Miller R-Neb. said. "I thought the budget would call for money for the line."

Nebraska groups have urged the proposed 230 Kilowatt line from Ft. Randall Dam on the Missouri River in South Dakota to Grand Island to provide power for irrigation pumps.

State interests, along with the congressional delegation, have tried for several years to obtain funds for the line.

Miller said Wednesday he hasn't given up but hasn't decided his next step.

"I want to find out the position of the Interior Department, the Bureau of Reclamation and the President," he said.

Miller said it is possible the President plans to include this item in a supplemental request, as he did last year.

"But if the President and the department are not behind the project, there's not too much use in our carrying on," he said.

Miller said he might later appear before the House appropriations committee and ask for funds or he might introduce a bill authorizing the project.

Nebraska Water Projects OK'd

WASHINGTON (AP) — Missouri river construction projects listed in President Eisenhower's flood control, navigation and reclamation budget Wednesday included:

Army Engineer construction:

Kansas City to Omaha $3,300,000; Omaha to Sioux City $6,600,000; Kenslers Bend to Sioux City $1,400,000.

Under the Army engineer small authorized projects tentative list was $112,000 for use in the Waterloo, Neb., vicinity.

Also included were these projects indirectly affecting Nebraska:

South Dakota-Oahe Reservoir construction, $27,500,000 and in planning funds Big Bend Reservoir, $300,000.

Bureau of Reclamation Construction funds for Missouri River Basin totaled $40,346,000.

STANTON DELAPLANE

POSTCARD

Phoenix is "Where the Sunshine Spends the Winter." This intriguing promise is printed on Chamber of Commerce brochures, on road signs, and, I imagine, you could hear it on the radio.

So that the public may know, each year TWA flies 60 sunshiny newsmen into Phoenix. And each year, so help me, it rains.

Rain is so unusual in Arizona that little children often think mama has turned on the shower by mistake. Rain is rare — so rare that Arizona advertises something like 361 days of sunshine out of the year's 365.

Nonetheless, comes TWA's "Quickie Vacation." The sun is blazing for weeks and the happy rich are in the swimming pools.

The plane slides down the runway and the heavens open up. And cousin, when it rains here it pours.

Apres moi, le deluge!

☆ ☆ ☆

Since I did not come over on the TWA junket, it was quite a surprise.

Mr. Jack Stewart out at Camelback Inn phoned me this morning.

"Can you have lunch?" he said. "And what are you doing in town?"

I said I was here to banish care and woe (that is the way I talk when the poetic streak is on me —when I look out toward Camelback, breathe deeply of the desert air. And then go back in and go to bed again).

"Also," I said, "I am here to avoid the scent of printer's ink. Which, as you must know if you see newspaper movies, runs deeply in our veins. In short, I am trying to get away from it all."

"This is a curious time you have chosen," said Mrs. Stewart. "For 60 newspapermen arrive in the morning."

And so here we are. Living it up around Camelback with enough reporters to put out a Sunday edition.

Nobody gives out with Western talk like: "He went thataway." Or, "I reckon the school ma'arm is a mighty pretty critter."

All they talk about is, "Do you remember when we were working the Red Carnation murder? Now I always said——."

I shoulda stood in the Press Club somewhere.

Try to get away from it all and by John, they brin, it to you. Why is that?

☆ ☆ ☆

Well, this is where the West begins. I read this in the travel brochures, too.

This is where men get into 10-gallon hats and 40-gallon boots. And women get into Levi's—size 10-gallon women get into size 5-gallon Levis, that is. I have often wondered how they do it.

Matter of fact, I have often wondered how they sit down. Or how they get up. These are the tightest pants you ever saw.

No lady feels she has really arrived in Phoenix until she has dusted down to Porter's and put on a pair of these dungaree pants that ordinarily you couldn't pour a 10-year-old girl into.

When my sugar walks down the street, all the little birdies hold their breaths.

☆ ☆ ☆

For reasons unknown to your correspondent, a lady hereabouts feels like a square if there is enough room between her and the pants to slip a thin bill.

There are pockets on these pants.

But believe me, no lady dast carry a yo-yo in them. She cannot even carry her lipstick, they are that fast to the skin.

The odd thing is, the Levi was made originally in the 1850s for California gold miners. They had plenty of pocket room. So a miner might carry his tobacco and likewise squat to swish the mining pan around.

Then the days of gold passed. And the Western lady visitors took these pants. They sloshed them in bleach and shrank them. And by and by, it became so fashionable that when a lady comes in these days to buy a pair, they just lift them out of the boys' department. And voila! There goes madam down the street. And where madam goes, the pants aren't far behind. I kid you not.

CONSTIPATED?

new laxative discovery un-locks bowel blocks

without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon. A "thrifty" colon is one that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

TO REGAIN NORMAL REGULARITY two things are necessary. *First*, the dry, shrunken contents of your colon which now block your bowel must be re-moistened. *Second*, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it and so, excite its muscles to action; to a normal urge to purge.

AND, OF ALL LAXATIVES, only COLONAID, the amazing new laxative discovery possesses COLONAID'S great *moisturizing* capacity *plus* COLONAID'S *stretch-stimulating* bulk that activates normal colonic reflexes. So effective that it relieves even chronic constipation overnight, COLONAID is yet so smooth, so gentle it has been proved safe even for women in the most critical stages of pregnancy.

SUPERIOR TO OLD STYLE bulk, salt or drug laxatives, COLONAID neither gags, bloats nor gripes; does not interfere with your absorption of vitamins and other valuable food nutrients; and in clinical tests, did not cause rash or other side reactions.

IT'S A PHYSIOLOGICAL FACT: Exercise tones your body! And COLONAID exercises your colon to tone it against constipation, overnight! Whether occasional, frequent or chronic, whatever your degree of constipation, get COLONAID, in easy-to-take tablet form at any drug counter, today! The price, only 98c for the economical 60 tablet package, brings you positive relief at less than 2c per tablet.

Bill Setting 10-Cent Mileage For Sheriffs, 7 For Others, Advances

By BETTY PERSON
Star Staff Writer

Nebraska's county sheriffs retained their mileage rate of 10 cents per mile, and all other county officials were set at 7 cents a mile in a bill which was advanced Wednesday by the Legislature's Miscellaneous Subjects Committee.

The bill originally called for establishing a uniform rate of 7 cents per mile for all county employes, but the measure was amended by a vote of 4 to 3, in the committee's executive session, to let sheriffs keep their present rate.

Principal introducers of the measure, Sen. John Aufenkamp of Julian, in his opening statements had held that the rule should be established to "treat everybody equally who uses a car for the benefit of county government."

He explained the bill was the result of a Legislative Council study on county government and that testimony offered during their hearings "bore out that seven cents a mile should be sufficient mileage."

75 Attend Hearing

Some 75 persons appeared at Wednesday's hearing, including 54 county sheriffs who protested against the measure. Others appearing against the measure were county superintendents who now receive nine cents per mile, and county welfare directors who receive six cents per mile.

The welfare directors testified that a ceiling of seven cents per mile was "too low" and said they favored raising the limit to nine cents per mile.

Lincoln attorney Robert Van Pelt appeared in behalf of 55 county sheriffs and testified that "the conditions under which a sheriff is called to drive and the abuse which his car receives, justifies their maintaining their present 10-cent rate."

Citing figures reported in a national survey by a popular automotive magazine, Van Pelt said, "It costs the average driver 9.6 cents per mile to operate a car." He stated this survey was conducted in 1954 and added, "and we all know prices have gone up since that time."

Douglas County Sheriff Patrick Corrigan testified that the "abuse suffered by a sheriff's car as a result of accident cases and drunks hauled in the car lowers his resale value below that of a normal car."

Otoe County Sheriff Irvin F. Gates of Falls City told the seven-man committee that insurance rates a sheriff must pay out of his own pocket for his car are nearly double those of the average person."

Lancaster County Sheriff Merle Karnopp said that if the "bill was instigated as the result of feeling that one or two county sheriffs were dishonest and abusing their mileage rates, their names should be made public and they should be brought to task and not make the rest of us suffer."

Sen. Aufenkamp assured Karnopp "there is no implication that all county sheriffs are abusing their mileage rates, and the one who did is no longer in office."

Scotts Bluff County Superintendent Jesse Shedd was the first to appear before the committee in behalf of the protesting county superintendents, said he traveled about 5,000 miles a year visiting 37 schools in his county. He said, "County superintendents have to travel over some rough roads, just as the sheriffs do, and seven cents a mile is too low to allow for depreciation."

Shedd also suggested that the committee consider the possibility "that gasoline may go up another cent in state taxes."

Other county superintendents appearing against the bill included: Mrs. Ann Campbell of Madison County; Eldon Cunningham of Hall County, and Lester Reid of Gage County.

A move was made in executive session to leave county superintendents' mileage rate at nine cents per mile, but it failed to carry by a 4 to 3 vote.

The bill also was amended in committee, at the suggestion of Assistant Attorney General Ralph Nelson, to include a provision that no mileage should be charged using a state or county-owned vehicle and that only one claim should be filed regardless of the number of passengers in the car.

County welfare directors appearing on the bill included: Mrs. Clara Muir of Fremont, Mrs. Fern Anderson of Kearney and Mrs. Bessie Peterson of Papillion.

The committee also advanced by unanimous vote LB31 which provides that the attorney general shall bring proceedings against a county attorney who fails to file charges against a county official who violates any law as well as the offending county official.

Mrs. Wood Installed OES Worthy Matron

FRIEND, Neb.—Mrs. H. R. Wood was installed as worthy matron of the Rose Standish Order of the Eastern Star here.

Other officers are Charles Roush, worthy patron; Mr. and Mrs. Ralph Samuelson, associate patron and matron; Mrs. W. D. Wallace, conductress; and Mrs. Hugh Stewart Jr., associate conductress.

Sen. Pizer 'Promoted' For Coach

By ROY CAMPBELL
Star Staff Writer

State Sen. Harry Pizer of North Platte, whose major athletic enterprises include feeding himself and walking up or down a flight of stairs, was balleyhooed Wednesday for head athletic coach at the University of Nebraska.

In fact, the backing came from a "resolution" introduced into the Legislature.

As introduced by Sen. Charles Tvrdik and other senators, the "resolution" cited Pizer's "ability to duck issues here in the Legislature, for which he has had many years training" and "might prove invaluable in his relations with other members of the coaching staff."

Noting his "adepteness at securing newspapers at no charge," the resolution said this would effect a savings for the University. And he would be "more than willing to serve in the capacity of head football coach for free dinners and cigars at a further savings of money to the state . . . and his wit and humor might be of inestimable value in keeping the football team in high spirits."

Ike Again Proposes 1 Dollar Minimum Wage To More Workers

WASHINGTON (AP)—President Eisenhower Wednesday again proposed to Congress extending the dollar-an-hour minimum wage to workers not now covered.

The President, after making the proposal in his budget message, saw a group of AFL-CIO leaders at the White House and talked about the plan.

The union group had lunch with Vice President Nixon at the Capitol before meeting with Eisenhower. Both were "sympathetic," the union leaders said afterward, with organized labor's hopes of extending the law.

The law, known as the Fair Labor Standards Act, requires employers engaged in interstate commerce to pay workers at least one dollar an hour in wages, and overtime pay at time and half the regular wage for hours worked beyond 40 a week.

The AFL-CIO group urged support for raising the dollar Minimum to $1.25, as well as extending coverage to millions of now-exempted workers.

However, Eisenhower asked Congress only for extension of the law, not for a higher minimum rate.

The law applies to about 24 million workers, with about 20 million others being exempt.

Women's Rights

WASHINGTON (AP) — President Eisenhower Wednesday urged Congress to amend the Constitution to guarantee that women won't be discriminated against because of their sex. In doing so, he used the language of the Democratic platform.

Eisenhower, in his budget message to Congress, noted that both the Democratic and Republican platforms had dealt with this matter.

Both major parties, he said, "have advocated an amendment of the Constitution to insure equal rights for women."

The Democratic platform, adopted at the party's national convention last August, uses the same phrase—"equal rights for women."

The GOP platform speaks of "equal rights for men and women."

Equal, Too

Not much difference, perhaps, but the Republican version does suggest men need equal rights, too.

Eisenhower, in the second of two sentences devoted to the subject, made it clear that men weren't excluded from his thinking. He said:

"I believe that the Congress should make certain that women are not denied equal rights with men."

'Equal Pay'

Both party platforms also speak of "equal pay for equal work regardless of sex," though urging action toward this end by means other than the proposed constitutional change.

The Republican party also pledged the Eisenhower administration would "continue to fight for the elimination of discrimination in employment" because of, among other things, sex.

An equal rights amendment to the Constitution was introduced in the last Congress by 33 senators and 227 House members. Congress adjourned while the measure was awaiting action on the Senate floor. It never got out of committee in the House.

Legislative Calendar

12th Legislative Day

Convened at 10 a.m

Advanced LB's 5, 4, 12, 2 to enrollment and review.

Set for hearing LB's 40, 47, 80, 81, 144.

Received new bills LB's 154 through 175.

Committee Hearings

Government—Indefinitely postponed LB 11, advanced LB 23.

Labor and Public Welfare—Advanced LB. 69.

Public Works—Advanced LB 52.

Miscellaneous Subjects—Amended and advanced LB 32, advanced LB 31.

SEC To Get American Bus Change Plan

The proposed reorganization plan for American Buslines Inc. was to be submitted to the U.S. Securities and Exchange Commission under a ruling Wednesday by U.S. District Judge Delehant of Lincoln.

The court set Feb. 11 as the date for the SEC response to the reorganization plan.

SEC examination and possible advisory report is the next step following a court hearing on the proposed plan and before its approval or disapproval by the court.

American Buslines, with principal offices in Lincoln, has been undergoing reorganization proceedings under the federal bankruptcy law since 1955.

Would End Trusteeship

Approval of the reorganization plan would remove the court trusteeship and return the company operation to its owners.

The reorganization plan or the filed objections will not be ruled upon by Judge Delehant until after the SEC's examination.

Objections to the plan have been made by Mack Trucks Inc., several insurance carriers, and the States of Wyoming and Nebraska concerning the classification of their claims.

Judge Delehant indicated hearings on several of these claims would be held the latter part of February.

2 Paro...s, 4 Commutations At Hearing

The State Board of Pardons meeting at the Nebraska Penitentiary Wednesday morning granted parole to two inmates and gave commutation of sentences to four others, including one sentence commuted to date.

Those granted parole were: Ralph Tillman, 42, of Kersey, Colo., sentenced Jan. 19, 1956 from Cheyenne County to three years for writing a no fund check, and Louis F. Krzycke, 38, of Omaha, sentenced Aug. 15, 1955 from Douglas County to three years for writing a no account check.

The sentence of Robert E. Adams, 27, with no fixed address, was commuted to date. He was sentenced Jan. 19, 1956 from Douglas County to five years for forgery.

Willard Townsend, 46, of Idaho Falls, Ida., received commutation to Mar. 1, 1957. He was sentenced Nov. 23, 1953 from Kimball County to six years for uttering a forged instrument.

Richard F. Townsend, 38, of Westbrook, Me., had his term commuted to April 1, 1957. He was sentenced Dec. 22, 1955 from Seward County to three years for larceny by baillee.

Roy King Barkley, 37, of Fresno, Calif., was given commutation to Dec. 1, 1957. He was sentenced Dec. 2, 1953 from Douglas County to seven years for burglary.

Lincoln Host To 171 Conventions In 1956

Lincoln played host to 171 conventions in 1956, a decrease of only two below the 1955 figure.

Previous figures released by the conventions department of the Lincoln Chamber of Commerce had reported only 45 conventions during the 1956 period.

More than 40,671 delegates attended the 1956 meetings held in Lincoln. During December alone, five conventions drawing 728 persons were held.

Here In Lincoln

Damage Claim Settled — The Lancaster County Board has accepted a $1,000 settlement for Oct. 29, 1955, damages to a county bridge near Walton. The county charged that a truck, owned by Hauschild and Mathews Co., carrying a 12-ton load damaged the 5-ton capacity bridge.

674 More Given Free Polio Shots

Seven hundred sixty-four persons received free polio shots Wednesday at the City-County Health Department, bringing the overall total to 7,572.

Starting Thursday, free polio shots will be given to any Lancaster County pregnant woman or child from 1 to 19 years of age at the department, 935 R. The shots will be given during regular clinic hours, Thursdays from 1 to 4 p.m. and Saturdays from 8 to 11 a.m.

Friday will mark the end of the accelerated program designed to give shots to all county school children. The program began Jan. 7. Wednesday's total of persons receiving shots included 652 city public school and 107 parochial students and also five rural preschool children.

BRIGHT SPOTS

The Brides' Book Says:

In pre-nuptial courtesy to Miss Bonnie LaVon Sultzbaugh, who will become the bride of S.Sgt. Wyman Kaarstad on Friday, Jan. 18, Mrs Alva Shultzbaugh and her daughter, Miss Atricia Sultzbaugh, were hostesses at a miscellaneous shower at their home last Wednesday evening. During the evening, a mock wedding was staged, and following a program of games, refreshments were served by the hostesses.

The wedding of Miss Sultzbaugh and Sgt. Kaarstad will take place at 7:30 o'clock in the evening at the Lincoln Air Force Base chapel.

Announcing the members of her wedding party this morning is Miss Elenor Bergmeier, whose marriage to Lewis Kinnear will be an event of Saturday, Jan. 19.

For the ceremony, which will be solemnized at Zion Evangelical Lutheran Church in Clatonia, Miss Bergmeier has chosen Miss Dorothy Schroeder as maid of honor. The bridesmatron will be the sister-in-law of the bride-elect, Mrs. Maurice Bergmeier, and Miss Mary Metcalfe will be the bridesmaid.

Mr. Kinnear has named George Candea to serve as best man, and the ushers will be Virgil Roti and Maurice Bergmeier, brother of the bride-to-be.

Lighting the candles for the evening ceremony will be Miss Willa Waldo and Miss Beverly Burger.

In pre-nuptial courtesy to Miss Bergmeier, Mrs. Steve Wilson, Mrs. Lee Adams and Mrs. Robert Shinn were hostesses to 12 guests at the Wilson residence on Thursday evening, Jan. 10.

On Wednesday evening Jan. 16, Miss Willa Waldo and Miss Dorothy Schroeder entertained in honor of the bride-elect at a kitchen shower and dessert supper. The party was given at the Schroeder home.

A January bride-elect is Miss Lucille Becker, who has chosen Saturday, Jan. 26, as the date for her marriage to Leon K. Coatney. There ceremony will be solemnized at St. Teresa's Church

Honoring Miss Becker on Tuesday evening, Jan. 15, were fellow employees at St. Elizabeth Hospital, who entertained at the home of Miss Anna O'Brien.

Sharon Club Has Meeting

The members of the Sharon Extension Club held their January meeting at the home of Mrs. Mark Hedges, with the organization's new president, Mrs. Dale Weese, presiding.

The program for the afternoon was a panel discussion, moderated by Mrs. Hedges on the topic, "Growing Old."

The group donated to the Polio fund through secret bidding during a food sale.

The club will hold its February meeting at the home of Mrs. Vincent Arthaud and other February plans call for a dinner meeting with husbands of the members as guests.

THE WEEK-END and the future have their bright spots, according to certain data we picked up here and there this morning — The big item for the future — as far ahead as Feb. 1 — will be a "first" in town, but there are plans for making it a traditional and annual affair.

There's to be a Mardi Gras party at the Inter Com Club —a dinner dance on Friday evening, Feb. 1 — when a King and Queen of Mardi Gras will be presented. Naturally their identity will remain a secret until the proper time — We hear that the party is for the Inter Com Club membership, but that each member may bring one guest couple.

* * *

AND now back to the current week-end which seems to have its quota of activity in the dinner clubs department — One of the dinner club groups will meet on Friday evening at the home of Mr. and Mrs. William Stenten—and on Saturday evening a similar group will dine at the home of Mr. and Mrs. Alfred Adams.

* * *

ANOTHER of the Saturday night dinner clubs is the group that will be the guests of Mr. and Mrs. Donald Coy—It's one of the popular hostess-does-only-the-meat affairs, with other members of the club bringing salad, rolls, dessert and such and things.

We might add that since this is only the third meeting for the group the club is comparatively new and includes, in addition to Mr. and Mrs. Coy, Dr. and Mrs. Ben James, Mr. and Mrs. Richard Harnsberger, Mr. and Mrs. George Unthank, Mr. and Mrs. Ed Faytinger and Mr. and Mrs. William Wiley.

* * *

THE week-end includes another courtesy for Miss Mary Hall whose marriage to Jack Von Gillern is planned for Feb. 2. Mrs. Kent Morgan and Mrs. Ralph Ireland will honor Miss Hall on Saturday when they entertain at luncheon at the University Club. Included among the guests will be Mrs. Clarence Reams and Miss Marjorie Gould, both of Omaha.

THE STAR IN SUBURBIA

While many of our neighbors in Eastborough, as well as the general populace in all our suburban areas, have been contending with Mr. Winter's little playmates, sniffles and flu bugs, there seems to be no lack of activity or let down in the news.

This first month of the new year marks the first year birthday of the Meadow Lane Girl Scout Troop 24. We learned from Mrs. LaVeene Larson, the Troop leader, that the members of this group, have been busy planning a celebration of the event During January the girls have been collecting toys, and are baking and frosting cupcakes in anticipation of a very special party. The Troop members decided to have their birthday party at Cedars Home, where the toys are to be given to the children living there, and the refreshments will be enjoyed by one and all. Sixth grade girls included in the Troop are Linda Cogil, Diana Burtch, Jocelyn Dillow, Connie Larson, Charlotte Schneck, Carolyn Merrill, Pam Wilson, Jackie Wilber, Anne Colburn, Judy Vogel, and Connie Stefonick.

We're very sorry to say that farewells will be in the offing once again, for Mr. and Mrs. Cal Hess and their three daughters, Fran, Sharon, and Pam, are soon to be leaving Eastborough for their new home in California.

Visiting in Eastborough this week is Mrs. Raymond Brinkman, of Stillwell, Kan. who is a guest of her son and daughter-in-law, Sgt. and Mrs. Raymond Brinkman. Mrs. Brinkman will be returning home on Saturday.

Bridge clubs seem to have taken over the party line this week from all indications. Wednesday evening Lt. and Mrs. Donald Houy were host and hostess to tne members of their couples bridge club at their home.

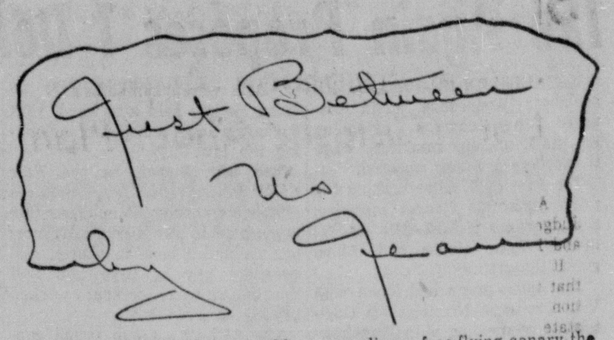

This evening Mrs. Dale Dreeszen will be entertaining the eight members of her combination pinochle and bridge club.

Entertaining at their home on Saturday evening will be Maj. and Mrs. Henry Wilson. The guests will be the members of their couples bridge club, which includes Maj. and Mrs. C. E. Blue, Maj. and Mrs. Bruno Antionetti, and Capt. and Mrs. William Kimberlin.

On Monday evening Mrs. Henry Wilson will be hostess to friends at a bridge session and dessert supper.

NU Newcomers Hear Speaker

The regular meeting of the Newcomers group of the University of Nebraska Faculty Women's Club was held at 8 o'clock Tuesday evening at the Foods and Nutritions Building, College of Agriculture. A talk on "Introduction to Nebraska," was given by Dr. James Olson of the University of Nebraska department of history.

—the post holiday crop of colds is in full bloom, Christmas decorations are put away and household routines more or less back to normal. Children are in school again, and New Year's Eve's frayed nerves are restored—until next December.

★

—along with everything else, to add to the holiday confusion, the canary got out of his cage the day before Christmas. If anyone has a surefire method for corraling a free-flying canary the suggestion will be gratefully received.

★

—in the lobby of a New York hotel Salvador Dali was holding court looking a touch old and tired (the holidays, no doubt), but still a jaunty figure wearing a cape and rakish hat, carrying a silver-headed cane and sporting that unbelievable mustache that is waxed and curled way beyond his cheekbones.

★

—a friend and I were roaming through the New York art galleries in search of an oil painting of a typical midwestern scene. She asked to see the work of St. Saen, a midwestern artist. The gallery assistant, mistaking the French pronunciation, produced one of Cezanne's best. "And Madam, it is only $25,000.00." My friend's horrified reply, "My, I didn't know he was that good!"

★

—a new building under construction always seems to draw throngs of the curious. One construction firm in New York City, recognizing this inquisitiveness, erected a tall fence around the excavation with peepholes at various heights. You choose your own-height peephole, then look through to see—the architect's drawing of the finished building.

Madam Chairman

We Hear That

Returning home last week was Miss Aurelia A. Plautz, regional director of the National Association of Insurance Women, who visited the clubs at Topeka and El Dorado, Kan. The 14 clubs in region VII of the association are planning the annual conference, which will be held at Albuquerque, N.M., on March 15, 16 and 17.

Unicameral Ladies Meet

Mrs. Terry Carpenter and Mrs. Willard Waldo were hostesses Monday afternoon to the Unicameral Ladies Club, which met for luncheon and cards at the Hotel Cornhusker. Winning high scores for the afternoon were Mrs. Fred Waggoner, Mrs. Karl Vogel, Mrs. Charles Warner and Mrs. Hal Bridenbaugh.

A short business meeting also was held, and guests of the group were Mrs. Victor Anderson, Mrs. Charles Warner, Mrs. Clifford Hardin, State Senator Kathleen Foote, and Mrs. Ernest Hubka of Beatrice.

Nebraska PTA Plans Spring Convention

Meeting in Lincoln at the Hotel Cornhusker on Wednesday were members of the state legislative committee of the Nebraska Congress of Parents and Teachers, who convened at 9:30 o'clock for an all-day workshop on legislation affecting Nebraska schools.

Committee members pictured include (seated, from the left) Dr Frank Gorman, Omaha, and Mrs. Amos Koester, Alliance, state PTA president; and standing (left to right) Mrs. P. S. Carter, Omaha, chairman; Mrs. W. E. Nichol, Scottsbluff; Mrs. George Robertson, Omaha; Mrs. J. B. Budd, McCook; and Mrs. A. F. Irvin, Alliance. Also meeting with the committee were Charles Elmlinger and Dr. Galen Saylor of the University of Nebraska.

Executive board members of the Nebraska Congress of Parents and Teachers met for dinner Wednesday evening at the Hotel Cornhusker to make plans for the state association's annual spring convention, to be held April 25 and 26, at Scottsbluff.

Mrs. George Robertson of Omaha, state first vice president, will serve as convention chairman.

Board members pictured are (seated, left to right) Charles Elmlinger, Lincoln; Mrs. A. W. Koester, Alliance, president, and Mrs. Ralph Beechner, Lincoln, treasurer. Standing (left to right) are Mrs. J. B. Budd, McCook, program chairman; Mrs. H. J. Gakle, Norfolk, publicity; Mrs. George E. Robertson, Omaha, first vice president; Mrs. Victor Haas, Omaha; Mrs. A. W. Sorensen, Fremont, corresponding secretary, and Mrs. R. E. Dooley, Fremont, recording secreetary.

Also completing plans for the convention on Thursday will be members of various state committees including exhibits, nominating, bulletin, scholarship, by-laws and budget. The two-day meeting of state PTA officials will be concluded Thursday evening with a meeting of the executive board.

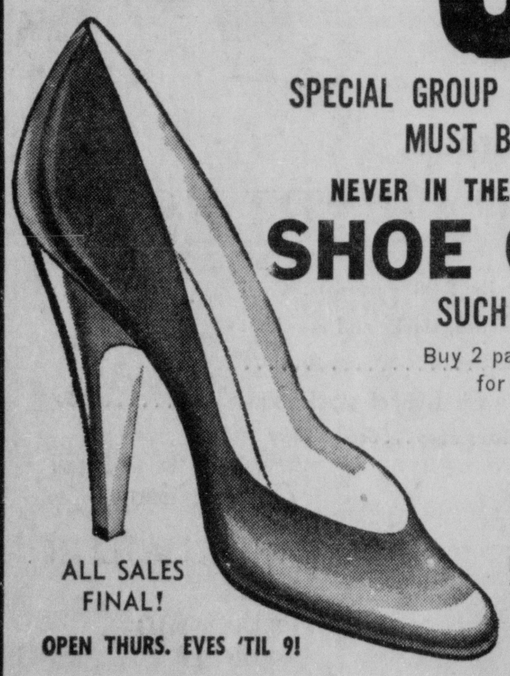

Air Base Group

The members of the office committee for the Lincoln Air Force Base Dependents Assistance will meet for a 10 o'clock coffee Thursday morning at the NCO Club on the base.

The interviewing and counseling committee will sponsor an orientation course, to be held at 11:15 o'clock, Thursday, at the base Service Club.

State Cases Will Move To Main Muny Court

Judge Jacobson Appears Unenthusiastic About Plan

By BILL DOBLER
Star Staff Writer

Apparently without complete agreement from Municipal Court Judge John Jacobson, state traffic cases will be tried on Thursday and Friday afternoons in the main Municipal Court.

It is the hope of city officials that this will eliminate the congestion experienced last week when state cases completely overcrowded the smaller new court room. The city's newly-elected second municipal judge, Richard O. Johnson, had been assigned the small new court room to handle civil and state cases.

Judge Jacobson was given the larger court to handle city cases.

No Support Given

At a meeting of city and court officials, Jacobson lent no support or approval to the plan for using the big court for state cases.

His only comment was that such a plan might be workable if the capacity and facilities of the small court have been exhausted.

He stated after the meeting that he assumed the big court would be available this Thursday and Friday afternoon for state cases.

With the exception of the two judges, it was agreed by those at the meeting that such a plan would be tried.

Last Thursday and Friday, state cases in the small court resulted in a crowded court room and many persons standing around in the hall outside the court. The other court, capable of seating some 35 more persons, was not in use at the time.

37 Settled Out Of Court

Judge Jacobson explained that the big court was not being used because some 37 city cases scheduled for trial at that time had been disposed of out of court.

City Attorney Jack Pace said it would be arranged so that no city cases come up for trial on Thursday and Friday afternoons.

Should a city trial be essential at that time, it was the assumption of the group that Judge Jacobson would use the small court for that purpose.

State cases in the big court will also eliminate the flow of people connected with them through Police Department administrative quarters. The small court was situated so that persons going from it to the clerk's office to pay a fine had to go through the Police Department quarters.

The larger court is located adjacent to the clerk's office.

City Councilman Ray Osborn said at the meeting that he did not believe it was fair to the taxpayers to have people standing around in the halls of one court while a larger facility went unused. In the same way, he said, the city would be open to criticism if it built additional court facilities while the existing ones were not being used to their capacity.

Time Still A Problem

The plan does not solve one point brought up by Judge Johnson. He told the group that he does not now have enough to time too devote to each state case.

Fines now, he said, are too often administered automatically without any real evaluation of the defendant or the facts involved. Even in many routine cases, he said, there are mitigating circumstances which are now not considered due to a lack of time.

Judge Johnson suggested trying of state cases on Wednesdays also.

County Prosecutor Paul Douglas stated, however, that it would be foolish from the county's point of view to take this additional time when the job can be completed in the two afternoons now alloted.

At the suggestion of Osborn, Pace is also to study the possibility of eliminating the need for a court appearance of some city traffic violations to reduce the load of those cases. This would mean that such things as violation of stop signs and parking so as to obstruct the flow of traffic could be handled by the defendant through waiver rather than a court appearance.

Pace also mentioned the possibility of holding night court for city arraignments but this subject was not pursued.

Officers Of New WW I Auxiliary

Officers of the newly organized Auxiliary of World War I Veterans, 165, were installed Wednesday night by Mrs. Lucille Mort of St. Louis, Mo., national secretary. They are (left to right) Mrs. Myrtle Delehant, secretary; Mrs. Ruth Wilcox, junior vice president; Mrs. Mort; Mrs. Hazel Null, president; Mrs. Hazel Johnson, treasurer; and Mrs. Christine Schneider, senior vice president. (Star Photo)

Fahrney Claims 'Objects Coming Into Atmosphere'

WASHINGTON (AP) — Retired Rear Adm. Delmer S. Fahrney, once head of the Navy's guided missiles program, said Wednesday reliable reports indicate that "there are objects coming into our atmosphere at very high speeds."

Fahrney told a news conference that, "No agency in this country or Russia is able to duplicate at this time the speeds and accelerations which radars and observers indicate these flying objects are able to achieve."

Fahrney said he never has seen a flying saucer but has talked with a number of scientists and engineers who reported seeing strange flying objects.

He added there are signs that "an intelligence" directs such objects "because of the way they fly."

"They are not entirely actuated by automatic equipment," he said. "The way they change position in formations and override each other would indicate that their motion is directed."

An Air Force spokesman said that service is still investigating all reports but has found absolutely no concrete evidence that there are flying saucers. He said that a majority of the reports are found upon checking to have some logical explanation, but that a percentage remains unexplained.

Mrs. Null Heads WW I Veterans Auxiliary Here

Mrs. Hazel Null has been installed as president of the newly formed Veterans of World War I, 165, Auxiliary.

Mrs. Lucille Mort of St. Louis, Mo., national secretary, presided at installation services Wednesday night.

The new group, the first such auxiliary in the state, will work toward legislation raising pension benefits of WWI veterans or their widows, and will also do volunteer work at the Veterans Hospital.

Other officers installed Monday night were:

Mrs. Christine Schneider, senior vice president.
Mrs. Ruth Wilcox, junior vice president.
Mrs. Myrtle Delehant, secretary.
Mrs. Hazel Johnson, treasurer.
Mrs. Esther McKibbin, chaplain.
Mrs. Hilda Wochner, conductress.
Mrs. Dorothy Broadwater, guard.
Mrs. Hazel Ward, Mrs. Zelma Johnson, Mrs. Ruth Crawford, trustees.
Mrs. Johannah Null, patriotic instructor.
Mrs. Iva Coots, historian.
Mrs. Emma Crawford, Mrs. Emma Simmons, Mrs. Dora Duer, Mrs. Clara Smith, colorbearers.

Boy Suffers Nose Injury In Mishap

Tony S. Brown, 12, of 1320 No. 35th, suffered a serious nose injury and lip laceration when he was in collision with a car driven by Mrs. Alta Axberg of 5619 Walker shortly after he had gotten off a bus at 35th and Holdrege.

Brown was not hospitalized.

Compulsory Service

TUNIS (AP)—The Bey of Tunis has signed a decree making a year of military services compulsory for all Tunisian youths on reaching their 20th birthday.

Dances Banned

MEXICO CITY (INS) — Mexico banned rock-and-roll, mambo and cha cha dances from its public schools.

The Department of Education labeled the dances "pornographic."

Philanthropic Group Files Incorporation

A Lincoln philanthropic organization, the Sidney O. Reese Foundation, Inc., filed articles of incorporation with the Secretary of State's office Wednesday.

Listed as incorporators of the non-profit organization are Sidney O. Reese, E. Ross Martin and Earl Cline, all of Lincoln.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

BAERING DOWN ON THE NEWS By Arthur 'Bugs' Baer

Is American going soft because we didn't cop the touch-tag championship at Melbourne? Or because we developed butter-fingers in the oleo?

☆ ☆ ☆

Our counsel on youth fitness is developing an old age plan to rock dangerously on the front porch. We have shown a tremendous aptitude for Olympian inactivity.

☆ ☆ ☆

Over here we pick out the big lumps and let the opponents count the buttons and the washers. Back in 1936 Shickelgruber claimed the games by ringing in table-thumping, bee-raising and a short marathon in a revolving door.

☆ ☆ ☆

Moscow claims the same caper with games we never heard of. In the Volga Boat Song they've been tugging on a rope for a hundred years. And we haven't seen the boat yet.

☆ ☆ ☆

We don't want our victorious youth jumping the net in a ping-pong match. The table won't take the weight.

☆ ☆ ☆

Americans don't go in for too much regimented inertia. It's easier to chin yourself on a rainbow than skip rope with the Atlantic cable.

GRID ASSISTANTS PUZZLE LOOMS

Elliott's Salary At California $16,000; He'll Stress Speed

By JACK STEVENSON

BERKELEY, Calif. (AP) — Speed and brainpower drew emphasis Wednesday as youthful Pete Elliott took over as the new University of California football coach on a three-year contract at $16,000 per year.

California grid followers hope his adaptation of Bud Wilkinson's Oklahoma Split-T offense can boost the Bears back to the heights they reached six years ago.

"I don't believe a formation makes a team good or bad," the 30-year-old former University of Michigan quarterback told a news conference. "A good team is one that can execute the three fundamentals of blocking, tackling and running.

"Speed is becoming more important year in and year out. I don't mean a football player has to be a trackman. I think initial speed is the most important. If a player can react quickly, that is the primary requirement."

Elliott said the most successful teams he'd been associated with were those with the highest academic standards.

"A smart football player is also a smart student," he said.

The blond coach, youngest in California's history, refused to be drawn into predictions on how his club would fare next season. He said that in talks with his predecessor, Lynn O. (Pappy) Waldorf, they discussed personnel only in general terms.

Asked how many games he would win, he replied jokinly:

"It didn't take very long for that one. Frankly, I have no idea. California has one of the best schedules in the country."

"What decided you on California over Washington?" he was asked.

"I talked to officials at the University of Washington, but we didn't reach an agreement of any kind."

Elliott meets with squad members for a get-acquainted sessions Thursday. He also faces the problems of lining up his assistants.

Athletic Director Greg Engelhard announced Tuesday night that Elliott, who directed Nebraska last season in his first year as head coach, had been given a three-year contract.

Prior to moving to Nebraska, Elliott for five years was Wilkinson's backfield coach at Oklahoma.

Wednesday they disclosed the salary terms—$16,000. Waldorf reportedly received $17,500 last season, his 10th as California coach.

Pappy's teams won the PCC title and went to the Rose Bowl, '49 and '50, but in 1955 wound up with a 2-7-1 mark and last fall had a 3-7 mark.

Elliott naturally ran into questions concerning his opinions of the recent Pacific Coast Conference illegal aid penalties and the lack of success of conference representatives in the Rose Bowl.

To the first he answered, "I feel very encouraged. The conference is in a better position than it has been before. Naturally it is difficult for any conference to go through the embarrassment of what has happened."

On how to end Big Ten Rose Bowl domination, he replied only, "That is difficult to say. A good football team is a matter of accumulation of all the small vital factors that go into making a team. In one word, I might say it would be 'environment.'"

On the question of personnel, the new coach said, "I think it fair that each boy who is out for football gets an equal opportunity."

Pete said he'll return to Lincoln Friday and wind up his affairs and hopes to return to California to stay within two weeks.

$1,500 More

The salary which Pete Elliott will receive as head football coach at the University of California—$16,000—is only $1,500 more than he would have received had he stayed at Nebraska another year.

He would have been paid $14,500 at Nebraska in 1957, having been voted an increase of $2,500 over his previous salary of $12,000. It had been rumored that California offered from $18,000 to $20,000.

Favored Miguel Berrios Outboxed By Gil Cadilli

By BOB HOOBING

BOSTON (AP) — Gil Cadilli, the lean California spoiler, defeated second-ranked featherweight contender Miguel Berrios in a 10-round split decision Wednesday night at Mechanics Building.

Cadilli weighed 127½, Berrios 126¼.

Cadilli, the San Francisco lad who two years ago beat Willie Pep in a much disputed bout, boxed with the clever Berrios and came off with the edge on the official cards.

The loss was a damaging one to the reputation of Berrios, a Puerto Rican from the Bronx, N.Y., who hoped to move closer to the title of the defrocked feather king, Sandy Saddler.

Saddler earlier Wednesday had his championship taken away by the National Boxing Assn. for failure to defend it within a specified time limit.

The fight, for the most part a dull and colorless affair, picked up in the late stages—the first indication to the national television audience that the meager crowd of 362 was present.

Referee Eddie Bradley and Judge Johnny Slavo scored the fight 99-95 each for Cadilli while Judge Joe Santarpio had 98-95 for Berrios. The AP called it 97-94 for Berrios.

Unranked Cadilli was best at frustrating Berrios' attempts to find the opening for a knockout punch. For Berrios it proved a futile search, though he scored well in the late rounds with combinations.

Berrios had ruled a 4-1 favorite prior to the meeting.

The crowd paid a net of $420 and gross of $585.

NBA Crown Forfeited By Saddler

MILWAUKEE (AP) — The National Boxing Assn. Wednesday for the second time in 25 months stripped featherweight champion Sandy Saddler of his crown for failing to sign for a title defense—but added it would "reconsider" after he undergoes a physical examination.

Fred Saddy, chairman of the NBA's rating committee who announced the action against Saddler, said the NBA would "bide its time until it learns the outcome of the examination."

Shortly after the NBA declared Saddler's title vacant, the New York State Athletic Commission said it had ordered Saddler's manager, Charley Johnston, to bring Sandy in for a physical examination to determine whether he is fit to fight. The commission asked Johnston and Saddler to appear Friday or the week after.

Johnston indicated he could not appear until a week from Friday because his wife is ill.

"Saddler will be given every bit of consideration," Saddy said. "If he is unable to fight that's a different story."

Saddy laughed off Johnston's blast that he would "sue the NBA for a million dollars . . . for taking away the livelihood of a boy because he was hurt in an accident and hasn't recovered enough to fight again."

"Who's got that kind of money?" asked Saddy.

Saddler, now 33 by his own admission although the record book lists him as 30, was injured in an auto accident last July and hasn't fought since. He last defended his 126-pound title Jan. 18, 1956, when he stopped Flash Elorde of the Philippines in the 13th round.

Earlier, Saddy, who said he spoke for the NBA's executive committee, declared Saddler had been given plenty of warnings to sign and that the final one had expired at midnight Tuesday night.

"We no longer recognize Saddler as champion," said Saddy. "He has been given plenty of time to sign or be examined by an NBA doctor or by the New York commission. He is not doing the division any good."

He said a title elimination series would be set up to find a successor to Saddler.

In New York, Julius Helfand, chairman of the state commission, said "first we want to find out if Saddler is fit to fight. If he is, then we want to find out when he plans to defend his title. Of course, if he is not physically fit to fight, that's a different situation."

The NBA dethroned the slender New Yorker the first time Dec. 14, 1954, for not defending his crown within a six-month period. The New York commission, then headed by Bob Christenberry, declined to take a similar action.

When Saddler signed to risk his title against Teddy (Red Top) Davis, however, the NBA decided to recognize the winner as champion. Saddler easily defeated Davis Feb. 25, 1955.

Oklahoma A&M Hits Sooners

STILLWATER, Okla. (AP) — The Oklahoma Aggies bested the Oklahoma Sooners 57-43 Wednesday night in a rough basketball game which saw two players ejected.

Coach Hank Iba's deliberate Cowboys forged an early lead, 48-30, midway in the second half.

Oklahoma was guilty of sloppy ball-handling early in the game and this enabled the Aggies to control the ball and surge to a 29-22 halftime lead.

The Sooners resorted to a full court press early in the second half and this brought on the rough play. With nine minutes to go Sooner center Joe King and Aggie forward Joe Crutchfield were ejected for roughing each other under the basket.

Sophomore guard Jerry Adair paced the Aggie scoring with 16 points, hitting four field goals and eight of nine free throws. Teammates Eddie Sutton and Mel Wright counted 10 points. Don Schwall of the Sooners also scored 10.

5 Records Set As Links Hit Knights

Pool records were set in five events Wednesday as Lincoln High's swimming team defeated Southeast 48½-28½ in hte Link's new pool.

Records were set in the 50 and 100-yard free style events, the individual medley and the relays. Larry Converse of Lincoln turned in a sparkling 100-yard free style time of :55.9 and Southeast diver Jim Frank continued unbeaten.

Results:

50-yard free style—Won by Gacusana (L); 2—Taylor (S); 3—Jancke (S). Time—:25.1.

100-yard breaststroke—Won by Pickett (L); 2—Briggs (S); 3—Usher (L). Time—1:12.

200-yard free style—Won by Morrissey (L); 2—Piper (S); 3—North (S). Time—2:19.

100-yard backstroke—Won by Corn (L); 2—Davies (S); 3—Wilber (L). Time—1:19.

100-yard free style—Won by Converse (L); 2—Miller (S); 3—Van Bloom (S). Time—:55.9.

Diving—Won by Frank (S); 2—Drevo (L); 3—Tie between Stolley (L) and North (S).

150-yard individual medley—Won by Briggs (S); 2—Pickett (L); 3—Bauer (L). Time—1:48.2.

200-yard medley relay—Won by Lincoln (Houchen, Zuerlien, Gacusana, Usher). Time—:2:03.

200-yard free style relay—Won by Lincoln (Morrissey, Corn, Custer, Converse). Time—1:44.7.

Giese Nixes $17,500 Offer From Houston

COLUMBIA, S.C. (AP) — Head football Coach Warren Giese said Wednesday night he is staying on at the University of South Carolina despite a reported $17,500 a year offer from the University of Houston.

The 32-year-old coach returned from Houston and conferred at length with members of his coaching staff and then with President Donald Russell and Athletic Director Rex Enright.

Enright said later, "We are happy that Warren Giese has decided to remain at the University of South Carolina under the present terms of his contract."

Enright emphasized that Giese's trip to Houston was "with our approval."

Russell said he was "very delighted that Coach Giese is going to stay. I am confident we can look forward to a splendid season next year."

Giese, whose salary at South Carolina is believed to be $12,000 a year, has two more years to run on a three year contract.

Speaking of his position here, Giese said, "This is a wonderful situation. For me to accept another situation, it would have to be the greatest. The only way to find out if the situation at Houston was the greatest was to visit the campus there."

Reimers Is Still Top NU Scorer

With the help of 40 points in a pair of Big Seven contests against Colorado, Gary Reimers maintained his Nebraska scoring lead.

The Millard junior is currently riding on a 13.4 per game average with a 175 point total in 13 outings.

Meanwhile, Husker Captain Rex Ekwall appears well on his way to a new player scoring record for Nebraska.

The senior forward needs only 10 points to crack the Cornhusker three-year total of 821 set by Jim Buchanan, a 1952 graduate.

Ekwall holds down second place in the Husker season scoring chart, with a 159 point total and a 12.2 per game average.

Six players have carried the Husker scoring load through the early games. They are Reimers, Ekwall, Don Smidt, Lyle Nannen, Ron Parsons and Jim Kubacki.

Nebraska Statistics (13 games)

	FG	Pct.	FT	Reb	Pts	Av

Southeast Matmen Edge Lincoln High

The Southeast wrestling team took a close 27-23 victory over the Lincoln High mat team in a dual meet at the Southeast gym Wednesday.

Lincoln High led up into the last of the meet when Southeast's Dan Crawford and Bob Fick took final victories in the 175 pound and heavyweight divisions to win.

95 lbs.—Mussleman (SE) decisioned Jett (LH), 4-0.
103 lbs.—Lincoln High won by forfeit.
112 lbs.—Zimmerman (SE) pinned McWilliams (LH), 2:27.
120 lbs.—Allgood (LH) pinned Knudsen (SE), 4:45.
127 lbs.—Hunkins (SE) decisioned Garcia (LH), 5-0.
133 lbs.—Tice (LH) pinned Gertz (LH), 4:41.
138 lbs.—Place (LH) decisioned Nelson (SE), 6-2.
145 lbs.—Loos (SE) decisioned Amerman (LH), 5-4.
154 lbs.—Laging (SE) pinned Grenemeier (LH), 3:58.
165 lbs.—Barnhill (LH) pinned Van Cleave (SE), 4:45.
175 lbs.—Crawford (SE) decisioned Wallick (LH), 5-4.
Heavyweight—Fick (SE) pinned Snider (LH), 3:59.

Benefit Game Slated

A set of polio benefit games are slated for the Unadilla High School gymnasium for Jan. 18.

The affair will begin at 6:45 when the Unadilla volleyball team meets the Bennet team and the final affair of the evening sees the Unadilla basketball team play the Bennet five.

Hawks Win In Overtime, 108-106

ROCHESTER, N. Y. (AP)—Charlie Share scored six of the Hawks' 10 points in an overtime period Wednesday night as St. Louis handed the Rochester Royals their fourth straight NBA defeat, 108-106.

Bob Pettit, who paced the Hawks with 26 points, sent the game into overtime when he dropped in two free throws with 1:22 left in regulation. The two foul shots tied the score at 98.

Legislature Gets 3 New Hunting Bills

Three bills regarding hunting in Nebraska were introduced to the Nebraska State Legislature Wednesday by Senators Frank Nelson of O'Neill and William Moulton of Omaha.

The bills were: repealing of the provision for seizure and forfeiture of guns when used illegally by hunters; permitting training and running of hunting dogs except from April 1 to July 15 and abolishing the Niobrara Game Refuge in Holt, Boyd, Rock and Keya Paha counties.

Bill, Pete Seeking NU Aids; Jennings Launches Regime

SCOTTSBLUFF, Neb.—Bill Jennings, newly-appointed head football coach at the University of Nebraska, said here Wednesday night he has asked all present members of the Nebraska football staff to "think over" whether they wish to remain with him or follow Pete Elliott to California.

Jennings, who spoke at the Nebraska Boosters Athletic Banquet held at Scottsbluff High School, told Scottsbluff Star-Herald Sports Editor Bill Madden that all the Husker assistants "have the opportunity to remain at Nebraska if they wish."

There has been considerable speculation that some or all of the NU coaching staff would follow Jennings' predecessor, Elliott, to the University of California.

Elliott signed as head coach at California Tuesday night after one year at the Nebraska helm. During that year he brought in almost a whole new staff of assistants, including Jennings.

Jennings also told Madden that he would use the basic split-T formation offense next fall, and said "it might be even more basic than in the past season."

Questioned about a 1957 won-lost record, Jennings replied:

"One can't say."

Approximately 300 high school coaches and athletes from western Nebraska gave Jennings a rousing ovation when the 38-year-old ex-Oklahoma football star rose to deliver his first speech as head coach at Nebraska.

Jennings, who said he was impressed by the loyalty displayed by western Nebraska football fans despite their distance from the Nebraska campus in Lincoln, spoke briefly.

He praised the NU grant in-aid program and said he was hopeful that Nebraska could get outstanding western Nebraska boys to attend school.

Jennings spoke of the coaching job at Nebraska as "a fine opportunity" and said he thought Nebraska teams had "a fine opportunity to win."

He cited three important requisites for a football player—attitude, athletic ability and academic ability.

"A football player must have desire and mobility," Jennings said. "When the ball is snapped in a game, there are 11 individual battles going on down on the field. If you can win six or seven of those battles, you will do okay as a team."

Jennings, who is scheduled to speak at Sidney Thursday night, is accompanied on his speaking tour by NU Athletic Director Bill Orwig and Sports Publicity Director John Bentley.

Orwig also spoke briefly as did Dick (Night Train) Lane, exScottsbluff Junior College player who is now a star with the Chicago Cardinals of the National Football League.

Orwig said:

"I am sorry to see Pete (Elliott) leave. I wish him well, and I feel we have a man to replace him who will do an equally fine job."

Orwig spoke of Nebraska's athletic future and said "I am sure the athletic job at the University of Nebraska can be done."

Until Jennings' statement at Scottsbluff Wednesday night, neither he nor Elliott had made any definite move toward lining up a staff.

Elliott is slated to return to Lincoln Saturday and will probably talk to his aides at that time in an effort to determine their leanings.

Central figures in the assistants puzzle are Dee Andros, Don Scarbrough and Don Strasheim, varsity aides; and Gene Stauber, freshman coach.

Strasheim also serves as the Husker head wrestling coach.

All are top notch assistants and would be welcomed by either coach, but of course, Elliott probably has the inside track because they're his appointees.

There are three possibilities: (1) all will go with Elliott; (2) all will stay with Jennings; (3) some compromise or split will be decided upon whereby some go with Pete and others stay with Jennings.

NWU Season Could Match Best Years

At the half-way mark through its 1956-57 basketball season the Nebraska Wesleyan University Plainsmen squad owns a 9-2 mark and chances for one of the better seasons in Wesleyan cage annals.

Best seasons in recent years at Wesleyan have been a 21-5 mark in 1954-55 when the team won the Nebraska College Conference Championship; a 19-5 mark and the NCC title in 1953-54; and a 25-3 record and the NCC title in 1952-53.

Coach Irvin Peterson's squad have managed their 9-2 mark in spite of a great height disadvantage. The Wesleyan starters average 6-0 and the squad has been at a height disadvantage in every game this season. But the Plainsmen "shorties" have made up for it with hustle and drive and a fast break that can rip any game wide open.

Their only losses have been to Iowa Wesleyan, 87-80, in the season opener for the Nebraska squad, and an 88-82 set-back at Peru where the Bobcats used their height and weight to slow the Wesleyan offense to a walk.

So far the Plainsmen have been able to keep a two-way scoring punch going — long-range shooting by dead-eyes Lowell Johnson and Lefty Hixson, and a fast-breaking game that revolves around playmaker Glen Reed.

Johnson, the team's leading scorer with 193, is hitting 50 per cent from the field and 72 per cent at the free throw line. Hixson is hitting 40 per cent from the field and 67 per cent at the free throw line. Johnson is a Pawnee City junior and Hixson is a Brookings, S. D., junior. Reed is a senior of Waverly. He has scored 184 points and Hixson has scored 113.

Wesleyan goes back on the cage trail Friday night in an NCC contest with Doane on the Wesleyan court.

OMAHA PREP COACHES WILL BACK JENNINGS

OMAHA (AP) — Omaha high school coaches Wednesday said Bill Jennings can count on their full cooperation in trying to build up Nebraska football.

Jennings, the new Husker head coach, served as head recruiter for Pete Elliott during the year Elliott handled the Husker team.

Carol Gast, who coached Omaha North's unbeaten team of last fall, sounded the keynote when he said "I have faith in Jennings and he has the experience and, most of all, the driving force."

Gast said several of his North stars had "leanings" toward Nebraska and "the appointment shouldn't change the minds of any of them."

Others who lauded the selection of Jennings were Skip Palrang of Boys Town, Don Leahy, Creighton Prep, and Hugh Morrison, Westside.

MUDECAS Thriller To Holmesville By 57-55

BEATRICE — Holmesville used an overtime and a sudden death period to finally edge Firth, 57-55, and move into the Class B finals in the feature game of the MUDECAS tournament here Wednesday night.

Wednesday's other games saw Barneston beat Douglas, 34-28; Burchard slip by Virginia, 44-36; Panama dump Liberty, 52-45 and Central High of Sprague-Martell trounce Steinauer, 75-52.

Holmesville had an uphill job of it all the way as it overcame a 31-20 halftime deficit and finally pulled even at 53-53 as regulation time ended.

In the overtime period Eldon Whitehead of Holmesville and Bruce DeBoer of Firth each added buckets and the game went into a sudden death playoff.

With 2:10 gone in the sudden death period, Holmesville sophomore Lavelle Frantz came off the bench and hit a fielder to send his mates into the tourney finals.

Barneston and Burchard led most of the way in their respective games to earn the tournament finals in the Class C division while Panama erased a 33-31 third period deficit to move into the B semi-finals against Odell.

Tourney Class A favorite Sprague-Martell Central had as easy time as was expected as Ron Nannen poured in 27 points, the meet's high total thus far, in a rout of Steinauer.

All teams will be idle Thursday while Friday's slate sees Central meeting Clatonia and Hickman opposing Wymore in the A semifinals and Odell facing Panama in the B semis.

Barneston	8	9	7	10	34
Douglas	7	9	4	8	28

NCAA Committee Votes Mask-Grabbing Penalty

Lickety-Split Kids Thrill Thai Fans

By WHITNEY MARTIN

NEW YORK (AP) — We always believed the height of verbal elegance was achieved by our fight announcers in describing the pugilistic merits of the warriors who would appear on next week's card.

Any performer who isn't "two-fisted, crowd pleasing, aggressive and rugged" just doesn't rate, and no matter how unexciting the bout the customers are about to see might be, there's always the promise of better things to come. The customers are supposed to forget the placid affair they are about to watch was described in similar glowing terms a week before.

Anyway, we now discover our fight announcers are pikers, and even that master of redundancy, Harry Balough, rates as an amateur.

We have at hand a fight program from Siam, where the local rules permit the use of both hands and feet in assaulting an opponent. The styles of the various contestants are set forth in a manner to whet the imagination, to say the least. Here are a few samples:

O. Mauer—"Fighting born lickety-split kid of Sidsingh camp, worships the do or die motto, once in the ring it is either his opponent is carried down or he is carried out to the hospital."

Chakkrawadd—"Dashing, crashing star, a tough cauliflower experienced in style advanced lead followed by punch and kick to land in the solar plexus or on chins."

Sukkasem—"Super star of Kedsongkram camp, the brightest star under the Thai style, he is a confidently sure-shot kicker with terrific rooted deed to conquer opponents and gives the referee to do in singing, 'one-, two--, ----ten' into opponents ears whilst they dreamed happily."

Dhanou-Smuth — "Morning star of Youddhongchai camp—a tough, aggressive attacked with sensational combination of limbs preferably walkd in and damaged opponents from gong to finish."

Kheo-Sod — "Highlight of Suraprom camp, the good fist-trader with kick and elbow smashes from Korat, northeast of Thailand. Kheo-Sod loves to do on the canvas-floor with dangerous limbs in full of all actions."

Sakorn — "Crashing star of S. Saenya—a tough fist-trader with hardest fighting character experienced in style advanced lead followed by punch and elbow and sent them to dreamland."

U-Rai—"Super star of Riddhirong camp, he is colourful tornado with special knowledge of kicks and can absorb any amount of punishment. Win or lose he promises a fistic treat with kick for fans to be long remembered."

Ja-Ded—"Highlight of Charoenmeuang camp, the well-known violently sluggered fist-trader with peppered firing kick who lives marching forward and damages opponents in ferocity."

Charnchai — Poisonous fistic trader of Payaknoy camp, he is a scientific and fighting born with special knowledge of highkick to damage opponents and rolled them down by K.O."

Dechoe — "highlight of Sorndaeng camp — a tough hitting agent with dangerous limbs in full of all actions. Terrific, aggressive and give-and-take. Win or lose, he promises a fistic treat for fans to be long remembered."

There were more, but that gives you an idea of tigers they toss in the ring to tear each other to pieces in Thailand. Make our fighters look like tabby-cats.

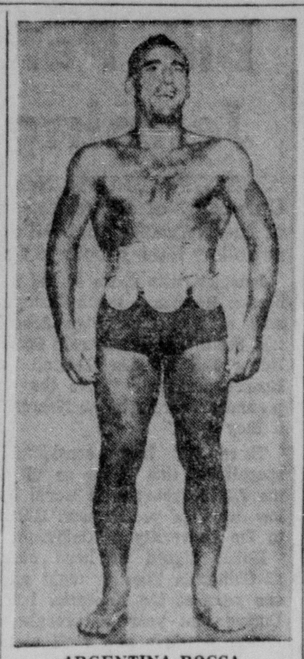

Landenberger To Manage Sioux City

SIOUX CITY, Iowa (AP) — Ken Landenberger, who hit 27 home runs for Sioux City last summer, Wednesday night was named playing manager of the Western League club here this year.

Landenberger, 28, of Chesterland, Ohio, also bateed .315 and drove in 98 runs for the Soos in 1956.

His selection was announced by John C. Kelly, president of Sioux Citizens, Inc., a new corporation formed to operate the Class A team.

The new manager broke into professional baseball in 1948 with Wisconsin Rapids of the Wisconsin State League and later played with Memphis of the Southern Assn. and Colorado Springs of the Western League. He was given a trial with the Chicago White Sox in 1952.

ARGENTINA ROCCA

Poffo-Rocca Match Heads Rassle Card

Angelo Poffo, who joins with his manager, Bronko Lubisch, in inciting riots at just about every bout and the South American who builds his riots right inside the ring will be the headliners of the Jan. 22 wrestling card at the Fair Grounds 4-H Building.

The "inside the ring" riot builder could be none other than Argentian Rocca, the perpetual motion chap with the educated feet.

So it'll be Poffo, the block-buster, against Rocca, the fine-edged dueling sword meeting in the 60-minute, two-out-of-three falls feature.

Matchmaker Tom Novak is well aware that cracked heads and tossed chairs have followed earlier Poffo-Lubisch appearances in the 4-H Building.

But in matching Rocca against the riot producer Novak may be hoping for some personal revenge for Poffo and Lubisch have provided many a headache for Big Tom.

Tropical Handicap To Calumet's Bardstown

MIAMI, Fla. (AP) — Calumet Farm's Bardstown won the $68,500 Tropical Handicap, the mile and an eighth climax to Tropical Park's 43-day meeting, as expected Wednesday.

Rules Group Refuses To Expand Substitution

By ED TUNSTALL

NEW ORLEANS (AP)—The powerful Football Rules Committee of the National Collegiate Athletic Assn. Wednesday slapped a 15-yard penalty on grabbing a protective face mask, but turned thumbs down on a motion to expand the substitution rule.

The 25-man group, directed by chairman H. O. (Fritz) Crisler, ended its annual three-day meeting with a morning session. Crisler, athletic director at the University of Michigan, termed the sessions "Unusually satisfying since everyone showed himself to be completely unselfish and devoted to the grand old game."

Crisler reaffirmed the stand taken earlier by committee secretary and Denver University athletic director E. E. (Tad) Wieman that the practice of face mask grabbing was "becoming too common and can lead to dangerous situations."

An expansion of the substitution rule, suggested by retired Columbia University coach Lou Little as a representative of the American Football Coaches Assn., met with disfavor, however.

The coaches asked that the rule be expanded to allow substitutes as well as starters to return to the game once each quarter. The present rule allows only starting players to return after being relieved in a period.

Crisler said the feeling was that this move could mean a return to platoon football, particularly at those schools with large squads.

Teams could be coached for offense, others for defense and still others both ways, he said, which would represent the platoon system.

"The substitution rule has been tampered with almost annually since 1945," he said, "The feeling among committee members is that we've got a pretty good game just as it is and there's no sense in changing it."

The committee also designated specifications as team areas, Crisler said, since there have been complaints over what he termed "sideline administration."

The new rules specify a marked area 2 feet from the sideline markers between the 35-yard lines will be the team area. Players, coaches and team attendants, he said, now run the risk of drawing a 15-yard penalty for being outside that area.

Youngest member of the Cincinnati Redlegs is 18-year-old bonus shortstop Bobby Henrich from Compton, Calif. He will be 19 Dec. 24, 1957.

Dave Wragge Is Star 'Player Of The Week'

By RON GIBSON
Star Sports Staff Writer

A 6-foot 4-inch boy whose team is enjoying a fine season is The Star's "Basketball Player of The Week."

He is Dave Wragge of Howells, winner of 10 straight games and ranked fourth in Class B.

Wragge's latest contribution to the Howells cause was a 29-point outburst against Newman Grove as Howells trimmed the highly-touted Grove team 84-55.

Wragge will receive a Star "Player of the Week" card along with the following players who were outstanding in recent games:

Larry Janda, Loup City — Scored 23 points and made a basket in overtime as Loup City beat Burwell 61-59.

Gary Lipker, Ruskin—Scored 25 points as Ruskin made Davenport sixth victim.

Rod Sagehorn, Clatonia—Pumped in 30 points in 72-56 win over Tobias.

Bob Eickholt, Omaha Holy Name—Has kept Ramblers going well in early games.

Roy Owens and Larry Yost, Harvard—Totals of 33 and 27 points accounted for most of scoring in 99-31 win over Fairfield.

Ray Carlson, Oakland—Scoring off fast break netted 28 points, squelched Craig early.

Larry Tadken, Cortland — Tadken, 6-foot 6-inch Cortland scoring ace, got 27 to make the difference against Liberty.

Bill Marquardt, Hoskins—Led comeback which turned 27-19 halftime deficit into 48-46 win over Carroll.

Don Hultine, Clay Center—Scored with five seconds left as Clay Center tipped Blue Hill 39-38.

Elmer Jackson, Pawnee City — Sophomore tossed in 24 points as Pawnee City beat Humboldt in overtime.

Jerry Sherman, Hastings St. Cecilia — Despite being burdened by four fouls in the second half, he scored 29 points in a big upset of Hebron.

Gil Quadhamer, Minden—Free throws in last 30 seconds nipped Aurora.

Jan Wall, Northeast — Hustling junior was the guiding light as Northeast beat Hastings in an important game.

Dennis Diehl, Cozad—Sophomore hit a jump shot in the final 30 seconds and Cozad beat Kearney 54-53.

Bob Buettgenbach, Beatrice—6-7 junior scored 26 points in last three quarters as the Orangemen clipped Falls City.

Harlan Plager, Elk Creek—Scoring ace scorched the nets for 55—including 25 field goals—as Elk Creek stung Burr.

Ken Major, Madison — Came through with clutch points in the last quarter as Madison beat Wayne to take first place in the Class B ratings.

Bob Kosmicki, Alliance St. Agnes — 34 points helped team club Merriman.

Art Ferguson, Omaha North—He hit in the last second to give North a one-point win over Tech.

Bill Would Allow Some Officials To Live Out Of Lincoln

Two legislators Wednesday introduced a bill providing for a vote in 1958 on a constitutional amendment allowing members of executive boards and commissions to reside elsewhere than in Lincoln.

Sens. Donald McGinley of Ogallala and J. W. Burbach of Crofton introduced the measure.

The constitution now prescribes that such members reside at the seat of government.

Registration Change

Sens. Dwain Williams of Broken Bow and A. A. Fenske of Sunol proposed a law requiring that motor vehicles be registered in the county in which the vehicle is kept, instead of the county where the owner resides.

A bill increasing the maximum monthly old age assistance payment from $65 to $70 was introduced by Sen. Sam Klaver of Omaha.

Other new bills included:

By Sens. Stanley Portsche of Lincoln and Norman Otto of Kearney—Authorizing state aid up to $200 per pupil per year to school districts offering special courses for mentally-gifted children.

By Sens. William Moulton of Omaha, D. J. Cole of Merriman and Otto—Calling for the registration of land surveyors.

By Sen. John Aufenkamp of Julian—Raising the state suditor's salary from $6,500 to $10,000 per year.

By Sen. August Wagner of Columbus — Increasing the rate which counties can pay for publishing proceedings of county board meetings.

2-CENT TRUCK FUEL TAX HIKE TO BE PROPOSED

A bill to hike the gas and diesel fuel tax on big trucks by two cents is expected to be introduced by Sen. D. J. Cole of Merriman.

Cole said he had been advised such a tax would bring in two million dollars a year.

Cole said the measure could be expected to draw opposition from the same sources which opposed the ton-mile tax when that issue was put to a popular vote — and defeated — in November.

There are indications, however, that petroleum interests "may hot fight it as much" on grounds the tax would be preferable to a general one cent increase in gas taxes. The one cent increase, to seven cents, has been mentioned as a way to raise highway funds needed although such a bill has not yet been introduced.

Cole's proposal, patterned after a Virginia law, would require any truck of 10-ton capacity or more operating in Nebraska to obtain first a $5 license fee. Such truckers then would be required to make their own reports on gas and diesel fuel used in this state and pay the extra two cents for each gallon of gas on diesel fuel.

Cole said he doesn't believe collection of the tax under his bill "will be too much of a task."

"It would relieve the car owner and put the cost where it should be," Cole said. "Big trucks should pay more than cars do."

Gifted Student Aid Included In Measure

Gifted children, those considered mentally capable of advancing in regular school work, are included in a legislative bill providing extra funds for their education.

Introducers of the measure were Sen. Stan Portsche of Lincoln and Sen. Norman Otto of Kearney.

Putting of the bill into the legislative process followed a meeting Tuesday of education officials, including Dr. Steven N. Watkins, superintendent of Lincoln schools, with state legislators.

Dr. Watkins, president of the Nebraska Association for Gifted Children, told the solons the state was not making the best use of the gifted children which he classified "one of our greatest assets."

The bill, LB 166, would provide up to $200 over and above regular reimbursement from local districts to provide expanded training programs for the mentally gifted.

Including the gifted in a state-help program would round out aid programs for the mentally retarded, both for those considered trainable and those considered educable.

Aid now is provided for the physically handicapped for those schools wishing to establish such programs.

Dr. Watkins said the city of Lincoln now has five schools in which programs have been established for helping the mentally gifted. One school, Park, has been set up for aiding the handicapped.

Non-Resident Liquor Licensee Bill Advances

A legislative bill eliminating the requirement that a liquor license must live in the city or village where the business is licensed passed on its first hurdle on the floor of the Legislature Wednesday.

The measure was introduced by Sen. Terry Carpenter.

As advanced from general file, the measure was not amended.

Another Carpenter measure, allowing liquor sales during elections involving just school districts and irrigation or reclamation districts, also was advanced. The bill was amended in committee to require closure during school bond issue elections.

Bill Would Create Board To Study Border With Iowa

Machinery for establishing a new boundary between Nebraska and Iowa would be established by a bill introduced into the Legislature Wednesday.

It calls for appointment by the Governor of Nebraska representatives to a Nebraska-Iowa Boundary Commission.

The commissioners would negotiate and agree on a new boundary between the two states, separated by the Missouri river. Any compact reached would have to be ratified by the legislature of both states and be approved by Congress.

The Missouri River's shifting channel has created boundary problems between the states.

Sen. George Syas of Omaha was chief introducer of the bill.

Population Drops

VIENNA (AP) — Czechoslovakia's population declined by nearly 40,000 last year to a total of 13,248,551, says the Prague newspaper Lidova Demokracie. No reason for the drop was given.

For Dandruff-Itchy Scalp Wife Says Baker's Best

BEATRICE, Nebr.—Mrs. E. M. Graham, 906 N. 10th, says: "My husband had dandruff and itchy scalp very bad. We kept hearing so much praise for Baker's Hair Tonic that we decided to try a bottle. In just a short time it gave him relief. We keep it all the time now, and when the tormenting twins, dandruff and itchy scalp, show any sign of trouble, an application of Baker's will take care of them in a hurry."

The Maker's Guarantee:

Baker's Hair Tonic will do the job on dandruff and itchy scalp.

Baker's Lathernist Shampoo will make your hair look better, or Money Back.—Adv.

State Sen. Jensen Claims Governor Got 'Brushoff' At Ike Drought Meet

Vic Reports He Asked Aid For Poultry, Hog Producers

By ROY CAMPBELL
Star Staff Writer

Nebraska's drought situation resounded in the Legislature Wednesday as State Sen. Hans O. Jensen of Aurora claimed Nebraska's delegation headed by Gov. Victor Anderson was given a "nice polite brushoff" at a Wichita drought meeting.

Sen. Jensen's attack followed an informal report of the meetings with President Eisenhower in Wichita, Kan., from Sen. John Beaver of Beemer. It also followed a press conference by the governor.

At the conference, Gov. Anderson said he asked the president for surplus corn at reduced rates for Nebraska's hog and poultry raisers. He said he discussed with Undersecretary of Agriculture True D. Morse the inclusion of the farmer and small businessman in drought aid plans.

In a later conference, the governor said he noted the present program for drought aid was principally set up for cattlemen, primarily because it started and has advanceed through heavy cattle areas, such as Texas and Oklahoma.

No details in a program for aid to the hog and poultry farmers were discussed with the President, the governor said. No specific finances were mentioned, although he asked about the feeding of surplus stored grain to the hogs.

Sen. Jensen told the Legislature he thought the delegation "should come back with some definite things" in the way of a drought relief program. There should be some relief, he said, for the hog raisers.

"I feel the fellow who raises hogs has just as much right to live as cattlemen," he said. "This is just a matter of staying on the land until it rains again."

The present program, Sen. Jensen said, "is a condition of starvation among plenty."

Suggestions made to the governor, Sen. Beaver noted, included allowing the average farmer and feeder the purchase of stored corn. This included the possibility of aiding brood sows to the purchaseness, Sen. Beaver said, to insti-

Many states indicated a willingness, Sen. Beever said, to institute programs at a local level to help out in the drought situation.

The governor during his press conference indicated there might be some merit in setting up some type of state drought relief during good times for use during drought years so that the state would not have to seek aid from the federal government. He said also, though, that with the drought extending into the third year in Nebraska, "we've go to have some help."

Sen. Jensen reported later he wanted "action taken before this (situation) deteriorates any further." He said "we go overboard on foreign aid and our people have first call and we don't take care of them."

Sen. Jensen, who is a Democrat, emphasized "this is not a political attack on Gov. Anderson."

SCIENCE EYED FOR DROUGHT SOLUTION

WICHITA, Kan. (INS) — The Special Great Plains Drought Conference Wednesday turned to science for a permanent solution to the troubled dustbowl area, whose water-short lands stretch from Kansas deep into Texas.

The meeting, which ended Wednesday and came in conjunction with President Eisenhower's tour of the area, had several recommendations "to help cushion the impact of disaster when it strikes," but for a more permanent solution asked for "increased research."

The delegates, representing 15 states, pointed particularly to "breeding and developing" plants and trees that would resist periodic droughts. The area is now experiencing the worst water shortage in almost 200 years.

The conference asked for remedial help in the areas of farm credit, Small Business Administration loans and special 3 per cent livestock loans to be amortized according to income over a 10 year period.

Measures were urged to retain in the drought area as many people as possible in productive and profitable employment and to explore measures to "broaden the economic base of the region."

A special Emergency Programs Committee recommended that action be taken to restore parched and barren pastures by planting drought-resistant cover crops and by deferred grazing.

This committee also urged stepped-up grasshopper control and construction of larger and deeper ponds and wells and a joint federal-state inspection group to study sections before they are adjudged drought areas.

All the recommendations adopted will be presented later to the federal government.

Merging Major City, County Functions Eyed By Officials

By BILL DOBLER
Star Staff Writer

A possible major consolidation of city and county governmental functions, to a much greater degree than has previously been mentioned, was discussed at a joint meeting of officials from the two subdivisions.

The meeting was requested by County Commissioner Del Lienemann to discuss the need for state legislation enabling the two subdivisions to consolidate on the partial basis as proposed in the past.

Both Mayor Bennett Martin and City Attorney Jack Pace stated that it should be determined first what type of consolidation was wanted.

Denver's Plan

The two possibilities mentioned included the complete elimination of one government and a combined city and county jurisdiction under one single head. The second possibility mentioned was the plan recently placed into effect in Denver, Colo.

This calls for a county government, much smaller than it is now, with jurisdiction and responsibility only in the county area outside of the city limits. The city would not be within any county.

Lienemann, however, pressed for legislation to permit consolidation of taxing and assessing divisions immediately. He pointed to this as an area of "complete duplication" where an immediate savings of $40,000 to $50,000 a year could be made.

The county board chairman was challenged, in effect, by Martin to prove that such a savings could be realized.

Much Less, Martin Claims

When the county committee which cited this savings was informed of all the facts, Martin said, they realized that the so-called saving was much less, if anything at all.

City Finance Director Theo Berg pointed out that even if the city's tax assessing and collecting work were done by the county the city would still have to have a treasurer to handle other city receipts such as water bills, special assessments, etc.

Berg and Pace also noted that city bond issues might be jeopardized if the city eliminated its own assessed valuations on which the bond retirement was based.

Jail Consolidation

According to Pace, there are two fields of consolidation which could be accomplished at this time without any additional law on the subject. These, he said, are in the assessment and collection of personal property taxes and the operation of the city and county jails and law enforcement agencies.

Most of the city's statements on the consolidation subject were described by Lienemann as "nothing but obstacles" to combining of the taxing and assessing divisions.

The lack of enabling state legislation was a stumbling block before, he asserted, and will be thrown in the path again if nothing is done about it at this time.

He reminded the city that Jan. 28 is the final day for the regular introduction of bills in the current Legislature.

"Every time we have tried to do this (consolidation)," Lienemann said, "there has been something in the way. I don't want the lack of legislation to stop us again."

As requested by Lienemann, Martin promised an answer from the City Council Monday on whether the city would seek new state laws on the subject at this time.

Brighter Look For State Cars To Be Proposed

Nebraska's state-owned cars may take on a brighter look as the result of a bill being prepared for introduction by Sen. Charles Tvrdik of Omaha.

The bill would amend the present law which requires that state automobiles must be black.

Also included in the bill is a provision that cars may be marked with a reflecting gummed tape or contrasting paint.

State Purchasing Agent Tom Coffey said it now costs the state a little more than $13 per car to paint them with Nebraska markings as required by law. He said the reflecting gummed tape would cost about $8 per car.

Both provisions were designed to enhance the re-sale value of state automobiles.

3 City Detectives' Work Is Praised

Lincoln Police Department Detectives Robert Sawdon, Al Delaney and Virgil Campbell were praised by State Reformatory Supt. Robert E. Nichols for their aid in capturing two reformatory escapees.

Nichols said in a letter to Police Chief Joe Carroll that the three dectectives were responsible for making arrangements and capturing the two escapees when the imates visited the home of a girl friend of one of the men. The men, one a 19-year-old Lincolnite and the other 20 and from Grand Island, had escaped from a reformatory wood-trimming detail a few hours earlier.

Nichols said their apprehension was one of "the most efficient and commendable examples of good law enforcement" that he had ever seen. Both men received an additional year on their burglary sentences for the escape.

NU Music Symposium Scheduled For Friday

The third Contemporary Music Symposium at the University of Nebraska will be held Friday at 4 p.m. at the Social Science Building auditorium.

Sponsored by the theory department of the School of Music, the program will be under the direction of Robert E. Beadell, instructor of composition.

The program:

Clarinet Sonata by Paul Hindemith, performed by Lois Watson, clarinet, and Joy Schmidt, piano.

Four songs by Alban Berg, sung by Earl Jenkins accompanied by Harvey Hinshaw.

Concert for Cello by Georg Mattheau Mann, performed by Priscilla Parson, cello, and Earnest Harrison, piano.

Concerto for Violin by Arnold Schoenberg, performed by Robert Merrill, violin, and Earnest Harrison, piano.

Safety Council Officers

New officers elected by the Lincoln-Lancaster Safety Council are, from left, Wilton Van Sickle, president; Cal Remington, first vice-president; Aurelia Plautz, secretary, and Jerry Wakefield, treasurer. (Star Photo.)

Van Sickle New Head Of City-County Safety Council

Wilton Van Sickle of Lincoln was elected Wednesday evening to succeed Joe Schleckmann as president of the Lincoln-Lancaster Safety Council in the 10th annual meeting of the organization.

Other officers elected were Calvin Remington, vice president; Avery Fredricks, second vice-president; Jerry Wakefield, treasurer, and Aurelia Plautz, secretary.

Everett Vilander, represenative of Tulsa, Okla., presented the Lincoln Deanery, Diocese and Council of Catholic Women with a Carol Lane Award of Merit for "achievement towards the preservation of lives through a traffic safety program."

In other business, Capt. O. H. Witt of the Nebraska Safety Patrol conducted a showing of the flash-film driver training introduced for the first time as a training device during the 44th National Safety Congress in Chicago.

The local Safety Council has purchased the equipment for use in Lincoln, Director Gifford Mullins said, and it will soon be made available to Lincoln organizations for use.

New council governing board members introduced were: Harry Wentz, Robert Crosby, Dale Renner, Wayne Packard, Mrs. L. E. Hoover, the Reverend Clifford Perron and Jack Stewart.

Joe Schleckmann presided at the meeting.

Boy To Survive After Saw Rips Into Chest Cavity

ADA, Okla. (AP)—An 8-year-old boy fell against a large circular blade used in a saw mill. His chest cavity was ripped open but doctors said Wednesday he will survive if complications do not set in.

Cecil Lloyd Callicoap, son of Cecil Callicoap of near Atoka in the blackjack oak country of southeastern Oklahoma, was playing around his father's saw mill. Somehow he fell on the running saw used to rip trees.

All the ribs on one side were cut open and the entire chest cavity was exposed.

No one saw the accident. The boy was found a short time later by laborers, rushed to an Atoka hospital for emergency treatment and then brought here.

Doctors needed three hours to put vital organs back in place.

Brothers Given 18-Month Terms

Gene Russell Kage, 25, and Leland Kage, 21, were sentenced to 18 months imprisonment Wednesday after pleading guilty in U.S. District Court to a charge of transporting a stolen auto last Dec. 13 from Vermillion, S.D., to Lincoln.

Asst. U.S. Atty. Dean Wallace said the two brothers were residing in the Alliance area when the federal charges were filed

Billy Joe Hilderbrand, alias Billy Joe Thompson, about 25, from Vinita, Okla., received a two-year term for a Dyer Act violation.

Hilderbrand pleaded guilty to a federal charge of transporting a stolen auto on Aug. 7 from Holton, Kan. to Auburn, Neb.

Sentences were pronounced by Judge John W. Delehant.

Basin Projects Given Moderate Cutback

$40,346,000 Asked For Bureau

WASHINGTON (AP) — A moderate cutback in money for flood control, irrigation and other water programs in the Missouri River Basin was recommended Wednesday by President Eisenhower for the year beginning July 1.

Three of the four massive dams authorized in 1944 by Congress as the key projects in the multibillion-dollar "harnessing" of the river are nearing their full flood control and power potential.

In his budget message to Congress, Eisenhower requested $39,674,000 to continue work on the big dams and reservoirs. This compares with an estimated $40,878,000 expected to be spent on the structures in the year ending next June 30.

Congress was asked to provide $40,346,000 to continue work by the Reclamation Bureau on projects in the basin. By adding previously appropriated funds never used the bureau expects to spend $44,061,349 on this work. This compared with an estimated $51,971,484 the bureau expects to spend in the basin during the current fiscal year.

$10,555,200 For Garrison

Eisenhower requested $10,555,200 to continue work on Garrison Dam in North Dakota, approximately the same amount as is being spent during the current fiscal year on the strategic structure designed to control the waters of the unpredictable river.

Garrison dam, estimated to be 91 per cent completed by June 30, will cost about 294 million dollars.

The President asked $28,524,000 for Oahe Dam in South Dakota, estimated to be 24 per cent completed by June 30. This compares with $27,679,365 being spent on the dam during this fiscal year. Oahe will cost 380 million dollars. It is expected to be completed in 1964.

Only $575,400 was requested for Fort Randall Dam in South Dakota. This big dam costing more than 185 million dollars, is essentially complete.

Nothing was requested by the President for Gavins Point dam in South Dakota and Nebraska which is nearly completed. Congress previously appropriated $45,631,000 for the dam expected to cost $47,800,000. Spending on the dam during the current fiscal year is estimated at $1,277,249. It is expected to be in full operation by June.

A breakdown of the $40,346,000 recommended for reclamation construction work as part of the Missouri River basin project includees:

Ainsworth Unit, Neb.—$1,100,999 for initiation of the work which includes acquisition of rights of way, planning an award of contract for construction of merritt dam and reservoir and access road.

Bostwick Division, Neb.-Kan.—$1,471,000 to continue construction of the main Courtland Canal and completion of the Miller Canal and parts of the west canal and other work.

Burwell Unit, Neb.—$750,000 to initiate the work including acquisition of rights of way for Sherman Dam and reservoir.

Franchman-Cambridge Division, Neb.—$3,260,000 to continue major construction on the Meeker-Driftwood distribution system and drains and for work on the Frenchman unit and Culbertson systems.

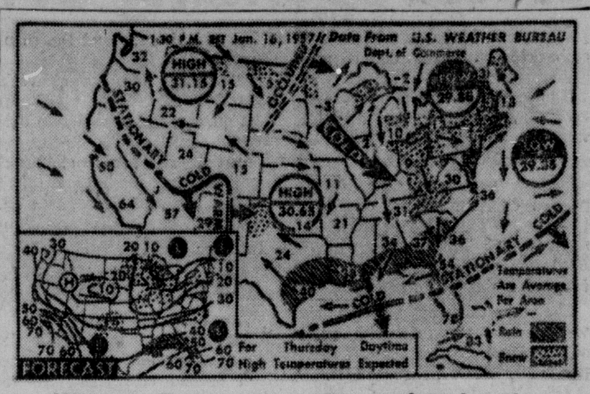

Glendo Unit, Wyo.—$9,951,000 to continue work on the Fremont canyon power plant and for equipment for the Fremont canyon switchyard.

Sargent Unit, Neb.—$313,000 for completion of the third section of the canal and detention dikes and the second section of the laterals.

The President asked for $8,000,000 for the transmission division of the Missouri Basin. No specific dollar figures were given for individual states but in Nebraska the Chappell substation will be completed.

In addition, the President recommended $1,595,000 for investigations and $1,405,000 for advance planning for work in the basin.

Various other Interior Department agencies asked $3,125,000 for work in the basin.

Warmer Temps Move Toward Nebraska

It will snow Thursday in the Great Lakes area, the middle Mississippi Valley, western New York and North Carolina. It will rain in the southeast Atlantic states. It will continue cold in the eastern half of the country and upper Plateau region. It will be warmer in northern New England and Nebraska. Clear and sunny skies are due on the west coast. (AP Wirephoto Map)

Improvement Group's Officers Are Named

Lincoln Star Special

FAIRBURY, Neb. — New officers of the Jefferson County Crop Improvement Association have been named. They are Harold Hummel, president; Richard Schoenrock, vice president; Ernest Dux, secretary; and Otto Uher, treasurer.

New directors chosen were Otto Uher and Richard Schoenrock for a two-year term. Other directors are Louis Gombert, Harold Hummel and Richard Dux.

Chappell School Issue Approved

CHAPPELL, Neb. (AP)—Residents of the Chappell area voted by a 3-1 margin for a $275,000 school bond issue.

Voters in four precincts served by Deuel County High School approved the issue to finance construction of an addition to the high school building. The addition will cost $339,000.

The vote was 583 to 192 in favor of the bond issue.

Woman, 37, Found Dead; Man Is Held

OMAHA (AP)—An Omaha woman was found beaten to death in her blood spattered apartment Wednesday.

She was tentatively identified as Catherine Mitchell, 37.

A 37-year-old man who lived in the same apartment was booked by police on an open charge. Detectives quoted him as saying he struck the woman but officers said he was hazy about details.

The partially clothed body of the woman was found on the bed by officers who were called by neighbors. A blood-stained pillow was found in a closet in a hall.

Detectives said they were seeking the weapon which inflicted a deep gash on the woman's forehead.

Acting County Coroner George Sullivan ordered an autopsy.

Mrs. Jacobsen, Edgar, Is Dead; Services Friday

EDGAR, Neb. — Funeral services for Mrs. Walter R. Jacobsen 70, resident of this community for the past 30 years, will be held at 2 p.m. Friday at the Christian Church here.

Surviving are her husband; two daughters, Mrs. Fern Carlson of Englewood, Colo., and Mrs. Merna Watson of Fairfield; four sons, Merle V. of Jefferson City, Mo., Howard of St. Louis, Mo., Maurice of Lincoln and Donald of Reno, Nev.; her aged mother, Mrs. Elizabeth Space of Minden; and two brothers, Lester Space of Minden and Leland Space of Upland; and 16 grandchildren.

Chapman Heifer Brings $5,500; Equals '53 High

DENVER (AP)—James B. Holinger of Chapman, Neb., was the seller of an Angus heifer, which brought $5,500 at the National Western Stock Show here. The purchaser of the heifer, Chimera of Wheatland 28th, was Holiday farms of Grand Rapids, Mich. The price equalled a high set in 1953.

Fire Danger Stressed

YORK, Neb. (AP)—The York Volunteer Fire Department held its annual dinner gathering with about 75 persons on hand to hear state fire Marshal E. C. Iverson make the main talk. Iverson told most dangerous killer and that most d angerous killer and that most fires are caused by carelessness, ignorance or lack of responsibility.

Beatrice Man Dies, Another Hurt In Crash

Lincoln Star Special

BEATRICE, Neb.—Funeral services for John R. Hill, 22, Beatrice man who was killed Wednesday in a crash south of Lincoln, will be held at 10 a.m. Saturday at St. Joseph's Catholic Church in Beatrice.

The State Safety Patrol said the car driven by Hill swerved into the lane of a gasoline transport bound in the opposite direction. Officers said the southbound transport turned out in an effort to avoid the crash and was sideswiped by the car driven by Hill.

The crash occurred on U.S. Highway 77 about 10 miles south of Lincoln, just south of the Crete corner.

Fifth '57 Fatality

A passenger in the Hill car, Edward D. Fiedler, 27, of Beatrice was reported "fair" and "somewhat improved" late Wednesday in St. Elizabeth Hospital in Lincoln. His injuries included a broken nose, facial injuries and possible internal injuries.

The transport driver, Simeon Everete, 49, Omaha, was uninjured.

The death was Nebraska's fifth traffic fatality of the year. A year ago there had been 12.

Hill, serving in the U.S. Army from 1953 to 1956, was employed by a baking firm in Beatrice. He was graduated from St. Joseph's High School in Beatrice.

His survivors include his parents, Mr. and Mrs. Roland Hill of Beatrice; and two sisters, Mrs. Julia Ann Milligan of Beatrice and Mrs. Etta Kollekowski of Lincoln.

"New Tablet Relieves 'Hot Flashes,' Irritation From Change-Of-Life Without Costly Injections!"

Model Photo

"Wasn't getting enough relief from the shots I took," writes W. W., Chicago, Ill. "Then took Pinkham's Tablets. Now I don't wake up nights with hot flashes. My disposition is sunnier and I don't have 'sorry for myself' spells!"

Medical science now offers women new freedom from much of the misery of change-of-life, thanks to an amazing new tablet developed *especially* to relieve these functionally-caused discomforts. Doctors reported sensational results using this home treatment alone . . . and no *expensive injections!*

Relief for 8 out of 10 tested!

Irritability, tortured nerves were calmed. Dizziness relieved. Awful hot flashes subsided. For woman after woman, a feeling of "well-being" returned!

Unlike aspirin and such "general purpose" remedies, this new tablet is a unique *combination* of special medicines...acts directly on the *cause* of these troubles... works through a woman's sympathetic nervous system to relieve tense feelings and physical distress that bring unhappiness to so many. Clinical tests prove this positive medical action.

Now you can get this amazing formula at drugstores without prescription. Ask for "Lydia Pinkham's Tablets". Don't let change-of-life rob you of joy! Get easy-to-take Pinkham's Tablets. Contain blood-building iron. See how fast you can feel your happy self again — without troublesome injections! (Also liquid Lydia E. Pinkham's Vegetable Compound.)

Humphrey Sees 'Hair Curling Depression' Unless Spending Cut

By STERLING F. GREEN

WASHINGTON (AP) — Secretary of the Treasury Humphrey predicts "we will have a depression that will make your hair curl" unless the federal governments cuts its spending.

And he says that if a depression should come and the administration should try to combat it with red-ink spending, he probably would resign.

Humphrey, in remarks released Wednesday, said he would be glad if Congress can cut the $72,800,000,000 budget President Eisenhower sent to Capitol Hill for the fiscal year beginning July 1.

Humphrey talked to newsmen Tuesday, at a seminar on the budget and his words were released when the budget went to Congress at noon Wednesday.

The Treasury chief, who speaks with a powerful voice in the Cabinet, said he was not criticizing the administration for the size of the new budget. He said it is the best that can be gotten at this time, and "There is no division or difficulty in the administration at all."

But he declared the rising trend of federal budgets "should promptly be stopped."

"If we don't begin taking less out of this economy," he declared, "I predict we will have a depression that will make your hair curl."

Humphrey startled the newsmen by saying he probably would resign if the administration began deficit financing to cure a depression. The statement came as a surprise because Eisenhower has declared the government would not hesitate to use tax cuts, public works and priming of the money pumps in a serious business slump.

The exchange with Humphrey on this subject was academic but spirited. It began when a reporter asked the secretary to elaborate on his statement that tax cuts may be considered "a year hence" if prosperiy continues and federal economies are achieved. Did that mean there would be no tax cuts if there were a depression?

"I will contest a tax cut out of deficits as long as I am able," Humphrey replied.

"I will not approve, myself, of a tax cut out of deficit. I think it would start a downward spiral that would be serious. . . . I don't believe you can spend yourself rich."

Another reporter asked: "Would you resign if the administration embarked upon the deficit program you have just described?"

Humphrey paused only a second, then replied: "I think I would."

Quiz Goes On

With a number of the 90 reporters chiming in, the questions went on: Wasn't this in disagreement with administration policy? And what would Humphrey do in case of a depression?

The secretary agreed that his view was at variance with a lot of economic writing "but I just personally don't believe in it."

A depression, he said, is caused by a number of economic imbalances, and when the imbalances are corrected, people regain confidence, resume investing, producing and hiring, "and the economy goes ahead."

What should the government's role be?

The government should help correct the imbalances, should try "to resist all kinds of novel ideas," and get back to a sound economic base, the secretary said.

"Would you let them starve?" a reporter parried.

The secretary said of course he wouldn't let them starve.

"Then what would you do?"

Humphrey said this would depend on the kind of imbalances which needed correction. He recalled that once—he presumably referred to the great depression of the 1930s — the government "went in for spending and spending, and it didn't help."

Couple Sentenced To State Pen For Abduction-Robber

OMAHA (AP)—Two men charged with the Dec. 21 abduction-robbery of Richard Spiegel were sentenced in District Court to terms of eight years in the Nebraska penitentiary.

They are Le Roy Franklin, 28, and Elmer George Givens Jr., 20.

Spiegel is the owner of the Ideal Furniture and Hardware Co.

Rites In California For Mrs. Hermann

Funeral services for Mrs. Melissa Hermann, 93, a former Lincoln resident, will be at 2 p.m. Friday in Loma Linda, Calif.

Mrs. Hermann, who had lived in Lincoln for 25 years, died Tuesday in Loma Linda.

Graveside services will be held later in College View Cemetery.

Surviving are her daughter, Mrs. Alice Nelson of Loma Linda; son, Harold Hermann of Lincoln; nine grandchildren and 12 great-grandchildren.

U.S. Keeps Growing

NEW YORK (AP) — Metropolitan Life Insurance Co. statisticians predict a U.S. population of 178½ million by the time of the 1960 census. The figure, if attained would be an increase of about 27 million over the 1950 census figure.

New Adoption Plan

NEW YORK (AP)—The City of New York has undertaken a public adoption program. It will attempt to find homes for the "adoptable" among the more than 16,000 children now in foster homes and institutions. Welfare Commissioner Henry L. McCarthy said the city now spends 30 million dollars a year to care for the children.

Market Mixed; Volume Slim

NEW YORK (AP)—The stock market failed to hold an early gain it made Wednesday and showed an irregular pattern at the close.

Turnover was the slimmest since Jan. 2. Volume totaled 2,210,000 shares, compared with 2,370,000 Tuesday.

Steels, motors and aircrafts were the trading favorites and led the list to somewhat higher ground in the early part of the session.

Prices weakened to some extent after publication of President Eisenhower's budget message and the statement by Treasury Secretary Humphrey that unless the trend to increased spending is stopped there would be a depression. But Wall Street analysts said they did not believe these news items had much to do with the stock market trend.

In some quarters it was said that liquidation of stocks by certain industrialists to provide money for capital spending was one factor in Wednesday's market.

Leading stocks wound up with gains or losses running from fractions to around $2.

The Associated Press average of 60 stocks dipped 10 cents to $178.60 with the industrial, rail and utility components each down 10 cents.

Prices on the American Stock Exchange were mixed on volume of 820,000 shares, compared with 790,000 Tuesday.

HOG PRICES RISE 25 CENTS MORE

OMAHA (AP) — Swine prices advanced another 25 cents Wednesday. The $19 top was the highest since July 15, 1955. Slaughter steers and heifers were steady to 25 cents lower in slow trading.

The slaughter lamb market was slow. Early sales were steady but the undertone was higher.

OMAHA

Hogs: Salable Wednesday 9,000; butchers and sows 25 higher; mixed lots U.S. No. 1 and 2 grades 190-250 lbs. 18.50-18.75; moderate showing mostly No. 1 200-240 lbs. 18.85-19.00; around 170 head at 19.00; most mixed lots U.S. No. 1, 2 and 3 grades 190-260 lbs. 18.00-18.25; sows 300-550 lbs. mixed grades 15.50-17.00.

Cattle: Salable 10,000; calves 150; fed steers and fed heifers uneven steady to 50 lower; best action on fed steers scaling under 1,150 lbs. and on fed heifers 900 lbs. and below; cows and bulls steady to weak; vealers scarce, fully steady; stockers and feeders unchanged; several loads high choice to prime fed steers 22.50-24.00; prime 1,150 lb. steers 26.00; most choice steers 19.75-21.50; good to low choice 17.50-19.50; choice heifers 18.50-20.25; part load choice and prime 21.00; full load choice to prime 1,090 lb. heifers 20.75; good to low choice heifers 16.50-18.25; utility and commercial cows 10.00-12.50; canners and cutters 9.00-10.00.

Sheep: Salable 3,500; trade moderately active; wooled slaughter lambs 25-50 higher; shorn lambs steady; other classes scarce unchanged; most choice to prime wooled lambs 20.50-21.00; two loads 98-102 lbs. to shippr at top price; good and choice lots 19.50-20.50; several lots 130-139 lbs. 17.50; good to prime shorn lambs with No. 1 and fall shorn pelts generally 18.75-19.00; cull to choice slaughter ewes 4.50-6.50.

CHICAGO

In a steady to strong market butcher hogs hit a top at $19.00 Wednesday, thereby equaling the 1956 high set May 22. A year ago Wednesday the top was $12.50.

Most 190 to 230-pound butchers sold at $18.25 to $18.75 with a few at $18.85 and 90 head at the $19.00 top. Buyers paid $17.75 to $18.25 for 240 to 280-pound butchers and $17.50 to $17.75 for 290 to 315-pounders.

Sows sold steady to 25 cents higher at $16.00 to $17.00. Salable hog receipts totaled 10,000.

Steer and heifer prices were uneven but mostly averaged steady. High prime steers topped at $27.25 and high prime heifers at $24.00. Salable cattle receipts totaled 191,000.

Buyers obtained high choice and prime steers at $23.00 to $26.00 and good to average choice at $18.00 to $22.50.

High choice and prime heifers brought $21.75 to $22.50 and most good and choice $17.50 to $21.25.

Cows held steady at $10.25 to $12.50 for utility and commercial.

Vealers also were steady, good and choice going at $21.00 to $26.00.

Salable sheep totaled 3,000. Lambs sold strong to 25 cents higher, good to prime wooled kinds going at $19.50 to $21.75.

Hogs: 10,000; mostly steady to strong, instances as much as 25c higher; most No. 1, 2, 3 mainly No. 2, 3, 190 to 230 lbs. $18.25@18.75; few lots mainly No. 1, 2, 320 lbs. down $18.85@19.00; latter price for around 90 head sorted 215 lbs. equaling the 1956 high: 240 240 to 280 lbs. No. 2, 3, $17.75@18.25; 290 to 315 lbs. $17.50@17.75.

Cattle: 19,000, calves 200; steers over 1,100 lbs. steady to 50c lower, 1,000 to 1,100 lb. steers steady, under 1,000 lbs. strong; heifers mostly steady, spots 25c lower on good to low choice heifers 900 lbs up; vealers steady; better than six loads average prime to high prime 1,175 to 1,350 lb. fed steers $26.50@27.25; bulk high choice and prime steers $23.00@26.00; bulk good to average choice $18.00@22.50; load high prime 1,100 lb. fed heifers $24.00; load lots high choice and prime heifers $21.75@22.50; most good and choice heifers $17.50@21.25; good and choice vealers $21.00@26.00; utility and standard vealers $12.00@21.00.

Sheep: 3,000; slaughter lambs strong to fully 25c higher, slaughter sheep strong to 50c higher; most good to prime wooled lambs $19.50@21.75; latter price including load-lots 108 lbs. down; several lots 120 to 128 lb. mostly choice and prime wooled lambs $18.00@20.25.

KANSAS CITY

Hogs: 2,500; barrows and gilts mostly 25 higher; sows steady to 25 higher; U.S. No. 1-3 grade 190-260 lbs. 18.25-18.75; around 150 head mostly No. 1 and 2 grade 210-240 lbs. 19.00; 270-325 lbs. butchers 17.00-18.00; sows 15.50-16.50.

Cattle: 2,000; calves 300; fed steers generally steady; heifers steady to strong; spots 25 higher; cows strong; bulls vealers and slaughter calves unchanged; good and choice fed steers 18.00-21.00; 2 loads choice to low prime around 900 lbs. fed heifers 21.50; choice heifers 19.00-20.50; good and low choice 16.00-18.75; utility cows 10.75-12.00; commercial scarce; canners and cutters 9.00-11.00.

Sheep: 2,000; slaughter lambs steady to strong; other classes unchanged; good to choice wooled lambs 19.00-20.00; mostly choice 20.50; good and choice shorn lambs with No. 1 pelts 18.75-19.25; utility and good slaughter ewes 4.00-5.50.

ST. JOSEPH

Hogs: 5,000; barrows and gilts and sows 25 to mostly 50 higher; mixed No. 1, 2 and 3 grade 190-250 lbs. butchers 18.25-18.75; mostly No. 1 and 2 grades 200-230 lbs. 18.85-19.00; mixed 240-270 lbs. 18.25-18.75; sows 15.50-17.25.

Cattle: 2,800; calves 200; yearlings and heifers steady to 25-50 higher; steers steady; cows steady to 25 lower; bulls about steady; vealers and calves little changed; 2 loads choice carrying odd prime 1,005 lbs. fed steers 21.75; 2 loads choice 1,050-1,200 lb 21.00; most good and choice steers 18.00-20.75; low good to average choice mixed yearlings and heifers 16.50-19.75; utility and commercial cows 10.00-12.00; canners and cutters 8.00-10.00.

Sheep: 1,500; wooled lambs steady to 50 higher; choice to prime 20.00-21.00; good and choice 19.00-20.00; shorn lambs steady; good to prime 18.00-19.00; cull to choice slaughter ewes 3.00-5.00.

SIOUX CITY

Hogs: 7,300; barrows and gilts 25-50c higher; sows strong to mostly 25c higher; U.S. No. 1, 2 and 3 grade

O'Konski Threatens To Resign

. . . If Tito Visits U.S.

WASHINGTON (AP)—Rep. O'Konski (R-Wis) told the House Wednesday he would resign from Congress if President Tito of Yugoslavia comes to the United States as an official guest.

O'Konski

"If the invitation is extended and if he comes to this country," O'Konski said, "I am resigning from this body the day the announcement is made." O'Konski made the statement after a speech by Rep. Keating (R-NY) blasting Tito and voicing concern over reports that Tito might be invited to visit this country.

"It is impossible for me to believe that, now or at any other time, a common criminal should be idolized, or lionized, in a land which, under God, pledges its allegiance to honor, freedom and the principles of representative government," Keating said.

REDS PLAN TO REPLACE COMINFORM

. . . Paris Sources Say

By STANLEY JOHNSON

PARIS (AP) — Soviet leaders are planning a new international staff to take the place vacated in turn by the Comintern and the Cominform, informed sources said Wednesday.

Leaders of the Communist parties in the Soviet satellite orbit and of the Red organizations in Western Europe are expected to attend a meeting in Moscow next month at the invitation of Communist boss Nikita S. Khrushchev.

Some resistance to the Moscow plan—on the ground of tactics—is expected, said the moderate Paris newspaper France-Soir, which is well informed on Communist maneuvers.

'Many Roads'

The boss of the French Communist party, Maurice Thorez, is pictured as insisting the time is not ripe to revive such an organization openly, in the midst of the current arguments revolving about the Khrushchev theme of "many roads to socialism."

CBS Ends Judy Garland Contract Two Years Early

NEW YORK (AP) — The Columbia Broadcasting System has ended its three-year contract with Judy Garland two years ahead of the termination date, the singer's husband said Wednesday.

Sid Luft, Miss Garland's husband and business manager, said "We feel CBS has certainly breached our contract." Asked if he planned legal action, Left said, "I expect so."

He said the contract with CBS gave Miss Garland prior right of approval of script, director and producer. He said CBS did not come up with a script for a scheduled Feb. 25 show but only an outline based on her Palace Theater show. She refused because she would have been using her own property, he said.

Luft said his wife objected further on the grounds she had done the show once on television and that the material was insufficient for a 90-minute program.

No one at CBS Wednesday night would comment on the matter.

Assets Of First Federal Gain $5 Million

First Federal Savings and Loan Association of Lincoln started 1957—its 50th year with assets at a new high of $42,133,776.62.

At the annual meeting Wednesday President Gladys Forsyth reported that assets increased $5,197,019.33 during 1956 and said she foresaw continued growth of the association through 1957.

New savings accounts totaling 6,464 were opened and 1,788 were closed, making a net increase of 4,676. A net increase of $7,735,793 in savings accounts was made during 1956, making the year end total of $36,806,726.34, an increase of 26.61 per cent over 1955.

Dividends amounting to $977,359.26 were paid savers at a rate of three per cent on a semi-annual basis.

Construction money for 477 new homes was furnished by the association during 1956, amounting to $5,608,100. Other loans numbered 545 for an amount of $6,032,354.34. Net loan increase was 286 loans, making a total of 4,296. Loan value increased $3,480,738.65 to a balance of $36,444,231.54.

The association reported that over half of its loans were GI or FHA and thus insured or guaranteed.

The mortgage classification was as follows: conventional loans $16,883,540. 87 FHA Loans, $10,978,267.91; GI loans, $8,582,422.76.

Association reserves were increased $356,499.04 in 1956, after expenses, dividends and insurance on savings accounts, making a total at year end of $2,184,523.23.

A total of $28,861.48 was paid to the Federal Savings and Loan Insurance Corporation for insurance of savings accounts. Also, the association paid a total of $1,126,380.75 in taxes for people buying their homes through the association.

It was reported that the branch office in Countryside Village, Omaha, is operating satisfactorily in newly remodeled quarters.

Board of directors members and officers re-elected at the annual meeting are: William J. Seiboldt Jr., secretary-treasurer and Walter E. Johnson, vice president.

Other directors and officers are: Galdys Forsyth, president; W. C. Hornung, vice president and John E. Dean, vice president.

Applications For FHA Loans Set All-Time Record

NORTH PLATTE, Neb. (AP)—Drought conditions in Nebraska have brought an all-time record high for applications for Farmers Home Administration loans, W. O. Collett, state FHA director, said. He is conducting a three-day conference of FHA area supervisors, ending Thursday.

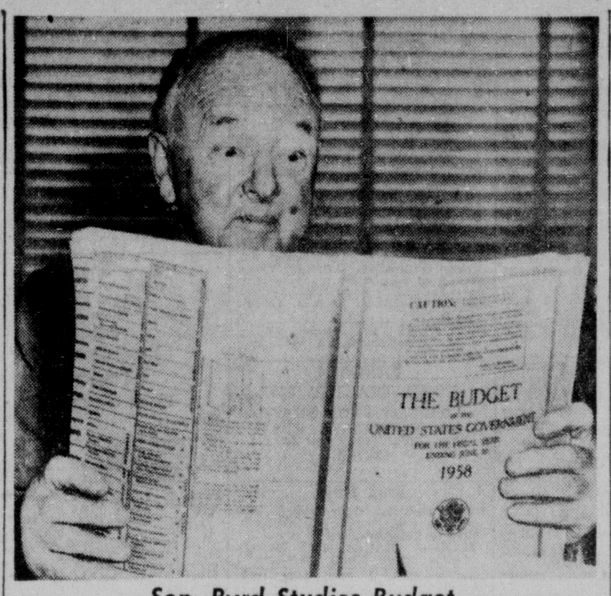

Collett said applications for loans to improve farm properties, to buy beef and dairy cattle and install irrigation wells reached a record total in 1956 and probably will exceed that record this year.

However, Virgil Sykes of North Platte, area supervisor for 20 county FHA offices, said western Nebraska is in much better condition than the area east of Grand Island insofar as drought is concerned.

"Applications for irrigation wells are setting a record," Collett said. He added that drought conditions have not brought any radical change in FHA loan procedures.

Barneston May Get Dial Phone System

BARNESTON, Neb. — Barneston Mutual Telephone Company stockholders will meet Monday, Jan. 21 at the Masonic Hall to vote on whether to convert to a dial system. The meeting will be at 1 p.m.

Sen. Byrd Studies Budget

Sen. Harry F. Byrd (D-Va) raises his eyebrows at President Eisenhower's new budget which includes estimated expenditures of $71.8 billion and income of $73.6 for the 12 months beginning next July. Sen. Byrd, as chairman of the Senate Finance Committee, will have a lot to say about how the money will be spent. (AP Wirephoto.)

Union Leaders Doubt Authority Of Senators

WASHINGTON (AP) — Three labor union officials Wednesday challenged the authority of the Senate Investigations Subcommittee to probe their affairs in a search for evidence of "labor racketeering."

Frank W. Brewster, head of the 11-state Western conference of the teamsters union, and Nugent La-Poma, secretary-treasurer of teamsters Local 174 in Seattle, refused pointblank to surrender union financial records the Senate group had subpoenaed.

Sen. McClellan (D-Ark), subcommittee chairman, said the third challenge came from Arthur Santa Maria, secretary-treasurer of Local 227, Allied Industrial Workers of America, New York City.

The senator said Santa Maria "invoked the Fifth Amendment" in refusing to answer any questions, but also contended the senators had no right to conduct the inquiry. The Fifth Amendment of the Constitution provides that nobody can be forced to incriminate himself.

McClellan directed the three witnesses, plus half a dozen other officials of the New York local, to appear before the subcommittee again Thursday for questioning in a public hearing. He said the subcommittee also voted to make public Thursday a transcript of the testimony taken behind closed doors.

McClellan told reporters "I will let you speculate" on what would happen if witnesses insist in contesting the subcommittee's authority.

More Papers To Boost Price, Says ANPA President

BOSTON (AP)—William Dwight, president of the American Newspapers Publishers Assn., forecast Wednesday that more newspapers will increase their price per copy to 7 cents.

The transition from 5 to 7 cents "shouldn't be difficult," Dwight said, "for the product is worth that and more. The public can be counted on to pay for value."

In a speech at a meeting of the New England Assn. of Circulations Managers, Dwight said:

"You can be certain that the trend toward the 7-cent newspaper will increase now that the newsprint manufacturers are heaping another price increase on us."

Federal Terms Given 2 At Pen

Federal sentences were passed on two Nebraska Penitentiary inmates Wednesday by U.S. District Judge John W. Delehant.

Delbert Nicholson, 34, was sentenced to a year and a day after pleading guilty to a federal charge of causing interstate transportation of three forged $10 checks on Oct. 31, 1955.

Luther Dalton Chandler, 36, was sentenced to two and one-half years imprisonment after pleading guilty to federal charge of transporting a stolen car June 20, 1956, from Salt Lake City, Utah, to Denver, Colo.

Both federal terms are to commence at the expiration of state terms the two defendants are now serving.

Fremont Youth Scores Perfect Mark In AF Test

OMAHA (AP)—Richard F. Meierhenry, 17-year-old Fremont lad who has a hankering for mechanics, had a perfect mark in the Armed Forces Qualification test.

It was only the second time such a mark has been recorded in more than two years at the Fort Omaha Army Reserves center, officers said.

Richard answered correctly all 100 questions in the test. He will serve six months on active duty after graduation and then will think about college.

His high school marks?

"About a C average," he said.

In The Lincoln Record Book

MARRIAGE LICENSES

Arland Kelso, Lincoln 42
Ada Fountain, Lincoln 42

Larry F. Garrett, Lincoln 22
Genevieve Anne White, Lincoln 20

DIVORCES

Divorces granted for extreme cruelty: Virginia Overfelt from John Overfelt, married Oct. 20, 1956, Lincoln; Mary Jo Mitchell from Larry Mitchell, married Jan. 1, 1956, Tecumseh; Richard L. Walker from Shirley E. Walker, married June 4, 1951, Las Cruces, N. M.; Joy Humrich from Jack Humrich, married Aug. 4, 1953, Council Bluffs, Ia.

Divorce petition filed for extreme cruelty: Georgia West against Merlin West, married Sept. 1, 1956, Lincoln

Divorce petition filed for extreme cruelty: Janice Ann Lindquist against Russell M. Lindquist, married Nov. 12, 1955, Council Bluffs, Ia.

Boettcher Again Heads Building Trades Council

A. L. Boettcher was re-elected president of the Lincoln Building and Construction Trades Council at the group's annual meeting Wednesday.

Other officers elected at the meeting were: M. C. Finch, vice president; R. Z. Mundorf, recording secretary; Robert Schamp, treasurer, and V. W. James, sergeant-at-arms.

Trustees named were Walter Bernhardt, Melvin Sherman and John Frahm.

William P. Simms, 75, Correspondent, Dead

WASHINGTON (INS) — William Philip Simms, foregin editor emeritus of the Scripps-Howard newspapers and noted war correspondent, died at his residence here. He was 75.

The retired newsman died in his sleep apparently from a heart attack.

Simms covered both World Wars, numerous revolutions and many of the great international conferences of the past 50 years. He was foreign editor of the Scripps-Howard chain from 1920 until his retirement a few years ago.

Nautilus Will Be Refueled For 1st Time

WASHINGTON (AP)—The Navy announced Wednesday that the atomic submarine Nautilus will be refueled "for the first time" this spring—after more than 55,000 miles of travel.

The Nautilus started her cruising Jan. 17, 1955. In the two years since she has piled up 55,000 miles, most of that while submerged. She was the world's first submarine to be powered by nuclear energy.

The Navy announcement said that "special equipment and techniques will be used to perform history's first atomic ship refueling operation." The Nautilus is designed "to permit refueling during normal overhaul period," the Navy said.

Remove Core

The refueling is to be done at the Electric Boat division of the General Dynamics Corp., presumably at Groton, Conn.

The uranium core of the Nautilus' reactor, or source of power, will be pulled out and shipped to Arco, Idaho—the Atomic Energy Commission's big test laboratory—for examination. The unused portion of the uranium will be reclaimed at Arco for future use.

The heat generated by controlled nuclear fission in the atomic core is transferred through a pressurized water line—which passes on the heat energy but not the radioactivity—to a conventional steam turbine. The turbine drives the propellers.

Lincoln Federal Savings Says '56 Excellent

Members of Lincoln Federal Savings and Loan Association were told their company was in its best financial condition since its organization in annual meeting reports of officers Wednesday.

R. H. Mohrman, secretary, reported the company had a most excellent year in 1956. Reserves have been increased 11.3 per cent the past year, with total reserves equal to 10 per cent of outstanding capital.

A nearly perfect record on collection of loan and interest payments was reported, there being but $31.18 in interest earned and not collected.

The association remains in its usual liquid condition, having bonds and cash on hand equal to 20 per cent ot its outstanding shares. Repurchases have been paid on demand.

Mohrman also reported that the association expects to increase its dividend rate June 30, 1957 to at least 3¼ per cent per annum.

Ira D. Beynon, G. O. Cast and R. H. Mohrman, whose terms as directors expired, were re-elected to succeed themselves for the next three years. Hold-over directors are Lulu Runge, Verne Hedge, M. W. Ryan and H. J. Amen.

Officers re-elected are Ira D. Benyon, president; Lulu Runge and G. O. Cast, vice presidents, and R. H. Mohrman, secretary-treasurer.

Brucellosis End Hoped By July 1st

State Veterinarian Dr. J. L. George said Wednesday that July 1 of this year is the target date to have brucellosis wiped out of Nebraska.

He said this would result after more than three years of county-by-county steps to eradicate the disease among Nebraska livestock.

Dr. George commented that control programs have been put into effect in more than 87 counties and the state's other six counties should complete their programs by summer.

Nebraska embarked on the eradication program in full force when the 1953 Legislature passed the necessary legislation following outbreaks of the disease over the state.

Since that time, Dr. George said, the incidence of the disease in livestock has dropped to less than one per cent. In 1945, about 11 per cent of the cattle were infected, he said.

PTA Congress' Committees Begin Convention Work

Committees of the Nebraska Congress of PTA Wednesday began two days of meetings to prepare for the April 25-26 state convention to be held in Scottsbluff.

Meeting Wednesday evening were 10 members of the executive committee headed by Mrs. W. W. Koester of Alliance, president.

Earlier Wednesday, 46 persons attended a factual workshop sponsored by the state legislative committee for district directors and council presidents.

In the first meeting of this kind, the committee presented facts on state school reorganization, financing, school lands and teacher certification. The purpose was to inform key PTA members in each of the state's 13 districts, so that they could discuss the issues and come to their own conclusions.

Mrs. P. S. Carter of Omaha, chairman, presided at the legislative committee session.

Committee meetings scheduled for Thursday include executive, convention exhibits, nominating, PTA Bulletin, and budget groups.

TODAY'S CALENDAR

Thursday

Legislature meets, general session, 10 a.m.; committee hearings, 2 p.m.

ASSISTANT DIST. MANAGER

Permanent national corp., doing excellent business locally, has good opening for high grade man. Permanent high income possible with one of America's most highly rated sales organizations. 7 out of 10 buy and I will prove it. No traveling. Right man will qualify for promotion in 4-6 mo. and will be moved into a position with income between $8000-$12,000 yearly on percentage override with bonus. Call E. J. Gross for appointment 5-6107. 15

IS 1957 Time for A Change?

Was 1956 a really successful year? Does your present job offer you all the opportunities you want?

If your answer is NO, then here is the opportunity we offer.

1—$300 guaranteed minimum monthly income to start in a company where career men earn $6,000 a year and up.

2—We send you to a six day Sales Course in our National Sales Training School at our expense, including initial salary—your choice of salary or commission on return.

3—A product backed by over $2,000,000 of National Advertising per year.

4—A continuing career training program and an opportunity to build a secure future.

Defense Asking $2 Billion More Spending Money For 'Superior Weapons'

By ELTON C. FAY

WASHINGTON (AP)—The Defense Department wants to spend two billion dollars more in the next fiscal year, mostly on "new and vastly superior weapons."

While augmenting its weapons arsenal, the department plans to pare down the number of ground and air combat organizations.

President Eisenhower relayed the Pentagon's proposals to Capitol Hill Wednesday as part of his national budget recommendations for the fiscal year 1958, beginning next July 1.

In presenting the 38 billion dollar spending budget for the military, in which the importance of the number of units was de-emphasized, the President apparently sought to head of hostility in some congressional quarters by writing:

"Military strength cannot be measured simply in terms of numbers of men or of military units. The over-all combat power, mobility and readiness of the military establishment is much more important than its mere size."

Missiles

In line with this philosophy (which began to develop after the former five-star general became president) Eisenhower recommended:

1. A half billion dollar increase in expenditures for the missile program, from estimated spending of $2,039,000,000 for the present year. A "big chunk" of this will reflect the increasing effort to produce long-range ballistic missiles, a spokesman said.

2. Six new "atomic support commands" for the Army, using guided missiles with nuclear warheads.

3. Emphasis on nuclear weapons "for tactical purposes."

4. A reduction in Army unit strength from a present 19-division level to 17 divisions. One division will be closed out before the start of the new fiscal year, the other during the fiscal year.

128 Wings

5. A reduction of Air Force unit strength to 128 wings. The Air Force now has 133 wings; had planned to reach its goal of 137 wings next summer. What wings will be cut out or, as a matter of fact, how many, was not immediately clear. Eisenhower mentioned at one point that the "gradual elimination" of fighter wings operated by the Strategic Air Command would be completed. The big bomber command currently has six wings of jet fighters. At another point Eisenhower said that the growing capabilities of tactical aircraft, "coupled with the growing guided missile capabilities of the Army, permit a reduction in the number of Air Force tactical wings." Thus there seemed to be indications that the cutback in Air Force unit strength might exceed the five accounted for by reducing the figure from 133 to 128. (A wing of planes range from 45 heavy bombers, like the B52, to 75 fighters.)

6. A naval shipbuilding program of 19 new ships and conversion of 12 existing vessels. This will include a start on the new, 80,000-ton giant carrier powered by eight atomic engines. The Pentagon estimates the cost of this ship, not including the atomic "fire-boxes," at 310 million dollars. The program also would include four more nuclear - powered submarines, to lift the total of such craft either built, building or planned to 19.

7. Buying of about 2,850 planes, mostly combat type, of which about 1,600 would be for the Air Force, 1,250 for the Navy.

8. Although there would be a cutback in units of the Army and Air Force, the manpower of all the services would be little changed from a current strength of about 2,799,000. The President's message said the manpower figure for the next fiscal year would be about 2,860,000. This could be explained by some of the changes in organization. Although the Army would be cut by two divisions and the strength of individual divisions cut by about 3,000 from a present 17,500-man size, other factors would offset this. Among other things, the six new atomic support commands will require manpower, providing a considerable balance to the cut in conventional division manpower.

9. The expenditure for research in the next year would go up 40 million dollars to a new level of $1,580,000,000.

$60 for your old washer when traded in on the
POPULAR 1957 AUTOMATIC
Frigidaire Washer
Reg. 249.95 189.95
and your old washer

- SAVES HOT WATER—up to 9 gallons each load . . . up to 1800 gallons a year.
- SAVES DETERGENT—up to 21 good size boxes a year!
- SAVES TIME—washes faster than many other well-known washers.
- SAVES CLOTHES—no thrashing blades to wear clothes out. In rub-free action, super-suds charged water alone moves clothes—so much gentler.
- SAVES FILTER CLEANING—not only dirt, but tiniest specks of soap scum and lint, too, are floated out and flushed down the drain for good, by Float-over wash and rinse.
- SAVES DRYING TIME—Rapidry spin gets clothes drier.
